TITLE 32—NATIONAL DEFENSE

Chapter IV—Joint Regulations of the Armed Forces

Subchapter D—Military Renegotiation Regulations

TRANSFER OF REGULATIONS

CROSS REFERENCE: The Military Renegotiation Regulations under the Renegotiation Act of 1948 have been transferred to the Renegotiation Board (see F. R. Doc. 52-947 under the Secretary of Defense in the Notices sections, *infra*). For redesignation of Parts 421 to 428 of this chapter as Parts 1421 to 1428 of Chapter XIV of this title, see F. R. Doc. 52-935, *infra*.

Chapter XIV—The Renegotiation Board

Subchapter A—Military Renegotiation Regulations Under the Renegotiation Act of 1948

REDESIGNATION OF REGULATIONS

1. Pursuant to section 107 (f) of the Renegotiation Act of 1951, the Secretary of Defense, under date of January 18, 1952, delegated to The Renegotiation Board all of the powers, functions and duties conferred upon him by the Renegotiation Act of 1948, as amended and extended.

2. It is contemplated that The Renegotiation Board will, in due course, make such amendments of the Military Renegotiation Regulations issued pursuant to the Renegotiation Act of 1948, as amended and extended, as it considers necessary or appropriate. In the meantime, the Military Renegotiation Regulations will continue in effect, with the exception that all references therein to any of the following delegates of the Secretary of Defense pursuant to the Renegotiation Act of 1948, as amended and extended, shall be deemed to be references to The Renegotiation Board: The Secretaries of the Army, the Navy and the Air Force, the Military Renegotiation Policy and Review Board, the Armed Services Renegotiation Board, including the Army, Navy and Air Force Renegotiation Divisions thereof, and the Chairman of said Divisions.

3. Parts 421 to 428, inclusive, of Chapter IV of this title, are hereby renumbered Parts 1421 to 1428, respectively of this chapter.

4. Any action taken pursuant to the authority of the Renegotiation Act of 1948, as amended and extended, prior to January 20, 1952, shall not be affected by this regulation.

Dated: January 20, 1952.

JOHN T. KOEHLER,
Chairman, the Renegotiation Board.

AUTHORITY: §§ 517.301 to 517.312 issued under sec. 32, 49 Stat. 774, as amended, sec. 112, 62 Stat. 146, as amended; 7 U. S. C. 612c, 22 U. S. C. Sup. 1510.

§ 517.301 *General statement.* (a) In order to encourage the exportation of fresh and processed lemons produced in the United States, the Secretary of Agriculture, pursuant to the authority conferred by section 32 of Public Law 320, 74th Congress, as amended, and section 112 (f) of the Foreign Assistance Act of 1948, offers to make payments to U. S. exporters of such products as defined in paragraph (b) of this section which are sold and exported to an approved country as designated in § 517.302, subject to the terms and conditions herein set forth (§§ 517.301 to 517.312).

(b) Payments under this offer will be limited to the following products: Packed fresh lemons, canned or preserved concentrated lemon juice (other than frozen) of 40° or more Brix, and canned single-strength lemon juice, all produced in the United States.

(c) Information pertaining to this offer and forms prescribed for use hereunder may be obtained from the following Representatives of the Secretary.

West Coast States: M. T. Coogan and Warren C. Noland, Fruit and Vegetable Branch, PMA, U. S. Department of Agriculture, 117 West Ninth Street, Room 103, Los Angeles 15, Calif. (Phone: Prospect 4711).

All other States: F. N. Andary and Granville B. Coffman, Fruit and Vegetable Branch, PMA, U. S. Department of Agriculture, Washington 25, D. C., (Phone: Re. 4142, Ext. 3450).

§ 517.302 *Approved countries.* An approved country is any country or area specifically named in this section.

Austria.	Ireland.
Belgium.	Japan.
Denmark.	Luxembourg.
France.	Malaya, Federation of.
Finland.	Netherlands, The.
Germany, Federal Republic of (Trizone).	Norway.
Greenland.	Philippines, The Republic of the.
Hong Kong.	Singapore.
Iceland.	Sweden.
Indonesia, The Republic of.	Switzerland.
	United Kingdom.

§ 517.303 *Rate of payment.* The rate of payment per unit shall be the lowest of the following:

- At 40 percent of the f. a. s. sale price per unit stated in the application (see § 517.304 (c)).
- At 40 percent of the market price, as determined by the Secretary, on the date of sale shown in the application f. a. s. the named port of export.
- At 40 percent of the market price, as determined by the Secretary, on the date of sale shown on the application f. a. s. a customary port of export, as determined by the Secretary, for the area of production of such product.
- At the applicable rate per unit shown in the following table.

Single-strength lemon juice.	Case 48-5½ ounce cans.	1.00
Do.....	Case 12-46 ounce cans.	1.50
Do.....	Case 6-1 gallon cans..	1.95

§ 517.304 *Eligibility for payment—*

(a) *Dates of sale and of export.* No payment hereunder will be made in connection with any sale for export unless the date of sale (see § 517.312 (d)) is on or after the effective date of this offer, and the products are exported on or after the date of such sale and prior to the date specified in paragraph (i) of this section, except that a sales contract made prior to the effective date of this offer and expressly made contingent upon the Secretary's issuing this or a similar offer will be deemed to be a sale made after such effective date if after such effective date the parties to such contract make the sale binding unconditionally by confirmation or otherwise and if no exportations were made pursuant to such sale prior to such effective date. A sale made subject to the condition that the Representative of the Secretary will approve the Application for Export Payment (paragraph (c) of this section) will be deemed a sale pursuant to this program, and since available funds are limited exporters may find it advisable to make their sales subject to this condition. Products shall be deemed to have been exported when loaded on board the exporting carrier provided such products are not thereafter unloaded from such carrier in the United States, its territories or possessions, and are not diverted to an ineligible country. The date of export of any lot shall be considered to be the date of loading on board the exporting carrier on which movement of such lot from the United States is effected. The date of the on-board bill of lading (or loading tally sheet, see § 517.305 (a) (3)) shall be considered to be the date the products were loaded on board, unless an "on-board" date is shown.

(b) *Minimum size of lot.* No payment will be made hereunder for the exportation of any lot of less than one hundred (100) units of the eligible products. A unit is 1 box of fresh lemons, 1 case of canned single strength lemon juice, or

1 gallon or equivalent of canned or preserved concentrated lemon juice. A lot is that quantity of products loaded to any one export carrier at any one departure consigned to any one destination under any one export sale.

(c) *Application for export payment.* No payment will be made hereunder, unless the exporter files Form FV-461 "Application for Export Payment," with the designated Representative of the Secretary, as indicated in § 517.301 (c) and unless such application is approved by the Representative of the Secretary. Form FV-461 must be prepared separately for each export sale and shall be mailed or delivered as promptly as possible after date of consummation of sale but in no event later than the date of export. No payment will be made if such form is mailed or delivered after such date of export unless the Secretary, upon written request by the exporter stating substantial reasons therefor, waives such delay. The Secretary will approve applications covering sales which meet the requirements of this program, so long as funds which have been allocated to this program are available, in the order in which the applications are received or on such other basis as he may determine to be equitable, will give written notice of approval or disapproval to the exporter, and will notify the exporter as promptly as possible after receipt of any executed Form FV-461 if any information shown in such form does not conform with the terms and conditions of this offer. No payment will be made in excess of the sum indicated in the approved Form FV-461, unless the Secretary, upon written request by the exporter stating substantial reasons therefor, approves a larger amount.

In the event the sale covered by any approved application is not consummated or completed the exporter shall promptly so notify the Representative of the Secretary who approved the application. Such notice shall be furnished within twenty (20) days after the intended date of export shown in the approved application, but in no event later than the date of filing of claim for payment, and shall request cancellation of the application to the extent that the quantity exported is reduced.

(d) *Grade specifications and requirements for fresh lemons.* No payment will be made unless the lemons in any lot meet the requirements of either U. S. Combination grade, U. S. Combination Green grade, or U. S. Combination Mixed Color grade, of which not less than 85 percent of the lemons in any lot are of either U. S. No. 1 grade, or U. S. No. 1 Green grade, or U. S. No. 1 Mixed Color grade, respectively, as such grades are defined in "U. S. Standards for Lemons" effective March 15, 1941. In addition, all lemons exported under this program shall be tightly packed and individually wrapped, and shall meet the Standards for Export as defined in the aforementioned U. S. Standards for Lemons.

(e) *Grade specifications and requirements for processed lemon juices.* (1) General: Processed lemon juices specified herein shall be prepared from unfermented juice obtained from sound,

mature lemons and shall be prepared and processed under sanitary conditions and in accordance with good commercial practice; and, the product, including any labeling, shall conform in every respect with the provisions of the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder. Canned (single-strength) lemon juice and canned concentrated lemon juice shall be sufficiently processed by heat to assure preservation of the product in hermetically sealed containers. Preserved concentrated lemon juice shall be prepared with the addition of suitable chemical preservatives as specified. All containers shall be sound and clean. Cans of canned (single-strength) lemon juice shall be free from rust and serious dents, and the ends shall be flat or concave. Cans of canned concentrated lemon juice shall be free from rust and serious dents. Barrels or kegs of concentrated lemon juice shall be new, tight and sound, and bungs shall be well secured.

(2) Canned (single-strength) lemon juice shall meet the requirements for U. S. Grade A as defined in "Tentative United States Standards for Grades of Canned Lemon Juice," effective July 1, 1941.

(3) Canned concentrated lemon juice shall not contain any preservatives or other added ingredients and shall contain 32 grams to 33 grams of acid (calculated as anhydrous citric acid) per 100 ml. The Brix value (or the refractometric sucrose value corrected for anhydrous citric acid) of the concentrate shall be not less than 40 degrees and not more than 50 degrees. The product when reconstituted with water to a juice containing approximately 0.65 grams acid (calculated as anhydrous citric acid) per 100 ml. of such reconstituted juice shall possess a normal color and a good typical, diluted canned lemon juice flavor; and shall be practically free from defects.

(4) Preserved concentrated lemon juice: The concentrated lemon juice, prior to the addition of chemical preservatives, shall meet the quality requirements of canned concentrated lemon juice given in subparagraph (3) of this paragraph.

Sulphur dioxide alone or sodium benzoate or benzoic acid or any combination of sodium benzoate and benzoic acid shall be added within the following ranges but only in a quantity necessary as a preservative for the respective concentrations:

Sulphur dioxide: 250 to 750 p. p. m.
Sodium benzoate and/or benzoic acid: 4/100 of 1 percent to 1/10 of 1 percent.

Preservatives must be added under the supervision of a representative of the Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, PMA, USDA.

(5) Chemical methods: Chemical analyses shall be made in accordance with the methods of the Association of the Official Agricultural Chemists or in accordance with methods that give equivalent results.

(f) *Inspection.* Exporters shall furnish, at no expense to the Secretary,

certificates of inspection for each lot of fresh or processed products exported pursuant to this offer. Such certificates for fresh fruit shall be issued by representatives of the Federal or Federal-State inspection Services and for processed products by representatives of the Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, PMA, USDA. For fresh lemons the period from date of inspection to date of exportation, both dates inclusive, must not exceed sixteen (16) days, and for processed lemons the period from date of completion of inspection to date of exportation, both dates inclusive, must not exceed ninety (90) days: *Provided*, That, upon request of the exporter indicating substantial reasons therefor, the Secretary may, if he deems it desirable, grant an extension of time of such period.

(g) *Packaging.* All products to be exported under this program shall be suitably packed for export in new boxes, cases (or new kegs or barrels for concentrate if specified in purchase contract) acceptable for export shipment in accordance with standard commercial practice for export and in a manner which shall reasonably assure their arrival in good condition in the country of destination. The best known practices to prevent shrinkage and decay shall be followed in packing fresh fruit for export shipment.

(h) *Re-entry or diversion.* The exporter shall undertake, as a part of his "Application for Export Payment," which is required in paragraph (c) of this section, that the products exported under this program will thereafter not re-enter the United States or its territories or possessions, or be diverted to other than an approved country as listed in this subpart, in fresh or processed form. In the event of such re-entry or diversion to other than an approved country, the exporter shall refund to the Secretary any export payment received under this offer with respect to the quantity so re-entered or diverted.

(i) *Final dates.* The final date for mailing or delivering Form FV-461, "Application for Export Payment," shall be 12:00 o'clock midnight October 15, 1952. The final date of export shall be 12:00 o'clock midnight October 31, 1952.

§ 517.305 *Claims supported by evidence of compliance.* (a) The exporter shall file claims for payment for any lot exported hereunder not later than twenty (20) days after the date of export of such lot: *Provided*, That, upon request of the exporter indicating substantial reasons therefor, the Secretary may, if he deems it desirable, grant an extension of time for such filing. Each claim for payment shall be filed in an original and three copies on voucher Form FDA-564, "Public Voucher—Diversion Programs," and shall be supported by (1) two certified copies of the sales contract, (2) two certified copies of the sales invoice to the buyer showing the f. a. s. sales price less the payment to be made by the Secretary, (3) two copies of the on-board export bill of lading signed by an agent of the exporting carrier (except that where loss, destruction or

damage occurs subsequent to loading on board exporting carrier but prior to issuance of on-board bill of lading, two copies of a loading tally sheet or similar document may be submitted in lieu of such bill of lading), (4) the original (or a signed copy) and one copy of the inspection certificate(s) required in paragraph (f) of § 517.304 hereof, and (5) such other documents, if any, as may be required by the Secretary, evidencing purchase, sale and exportation of the commodity on which payment is claimed.

(b) The exporting bill of lading must show the quantity and description of the commodity in sufficient detail to relate the commodity loaded on board the export carrier to the commodity covered by the related inspection certificate, the date and place of loading, the fact that such commodity is on board, the destination of the commodity, and the name and address of both the exporter and consignee. If the shipper or consignor named in such bill of lading is other than the exporter (seller) named in Form FV-461, the exporter shall furnish with his claim a waiver by such shipper or consignor, in favor of such exporter, of any right to claim payment under this program for the commodity covered by such bill of lading.

(c) The foregoing required evidence will not be accepted as conclusive if the Secretary has reason to believe that exportation of all or any quantity of the products was not actually accomplished or that there has not been compliance with other requirements of this offer, and in any such instance the Secretary may require such additional evidence as he deems reasonable.

§ 517.306 *Records and accounts.* The exporter shall maintain adequate records showing purchases, sales, and deliveries of products exported or to be exported in connection with this program. Such records, accounts, and other documents relating to any transaction in connection with this program shall be available during regular business hours for inspection and audit by authorized employees of the United States Department of Agriculture, and shall be preserved for at least two years after the effective date of this program.

§ 517.307 *Amendment and termination.* The Secretary may amend or terminate this program at any time upon public announcement thereof. Such amendment or termination, however, shall not apply to applications approved under the program prior to the effective time of such amendment or termination.

§ 517.308 *Persons not eligible.* No member of, or Delegate to, Congress or Resident Commissioner shall be admitted to any share or part of any contract made under this program or to any benefit that may arise therefrom, but this provision shall not be construed to extend to a payment made to a corporation for its general benefit.

§ 517.309 *Set-off.* The Secretary may set off, against any amount owed to any exporter hereunder, any amount owed

by such exporter to Commodity, Credit Corporation, the United States Department of Agriculture, or any other agency of the United States.

§ 517.310 *Assignment.* No exporter shall, without the written consent of the Secretary, assign any claim of the exporter against the Secretary hereunder or make a lienholder a joint payee with respect to any such claim. With such consent, an exporter may assign, in accordance with the provisions of the Assignment of Claims Act of 1940, as amended, any claim for payment hereunder, or make a lienholder a joint payee with respect to any such claim. In case of such assignment, the Secretary may set off any claim against the exporter arising out of the exportation on which the assigned claim is based, and may set off any other claim of the United States against the exporter based on facts existing at the time of receipt of notice of assignment, or receipt of request to name a lienholder as joint payee.

§ 517.311 *Good faith.* If the Secretary determines that any exporter has not acted in good faith in connection with any transaction under this program or has failed to discharge fully any obligation assumed by him under this program, such exporter may be denied the right to continue participating in this program or the right to receive payment under this program in connection with any sales previously made under this program, or both.

§ 517.312 *Definitions.* As used in §§ 517.301 to 517.312, the following terms have the following meanings:

(a) "Secretary" means the Secretary of the United States Department of Agriculture, or any authorized representative of the Secretary.

(b) "Exporter" means any individual, corporation, partnership, association, or other business entity, engaged in the business of selling and exporting fresh or processed lemons, produced and packed in the continental United States.

(c) "Sales contract" may be in the form of offer and acceptance, confirmation of sale or purchase, or other documentary evidence of sale including contracts between exporter and buyer.

(d) "Date of sale" means the date on which both buyer and seller signed a written contract, or the date on which buyer accepts an offer of sale or confirms the purchase, or the date on which the seller accepts an offer to purchase or confirms the sale. In the absence of documentary evidence establishing the date of consummation of sale the date of loading on board an export carrier will be considered to be the date sale was consummated.

(e) "F. a. s." means free alongside ship or other export carrier.

(f) "On-board export bill of lading" includes any bill of lading covering the exportation of fresh or processed lemons from the United States.

(g) "Public announcement" and "public notice" mean the issuance of a press release or the publication of a notice in the FEDERAL REGISTER.

(h) "Filed." Applications, claims and related documents are deemed to be filed when they are postmarked, if mailed, or when received by the designated PMA office if otherwise delivered.

NOTE: The record keeping and reporting requirements contained herein have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Effective date. This offer shall be effective on January 28, 1952.

Dated this 18th day of January 1952.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 10]

PART 608—DANGER AREAS

ALTERATIONS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with section 4 of the Administrative Procedure Act is not required.

Part 608 is amended as follows:

1. In § 608.12, the Sahuarita, Arizona, area, published on July 16, 1949, in 14 F. R. 4288, and amended on March 29, 1951, in 16 F. R. 2720, is further amended by changing the "Designated Altitudes" column to read: "Surface to unlimited".

2. In § 608.12, the Wilcox Dry Lake, Arizona, area, published on July 16, 1949, in 14 F. R. 4288, is amended by changing the "Designated Altitudes" column to read: "Surface to unlimited".

3. In § 608.13, the Pine Bluff, Arkansas, area, published on June 30, 1950, in 15 F. R. 4187, and amended on August 1, 1950, in 15 F. R. 4914, is revised to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
PINE BLUFF (Little Rock Chart).	A circular area having a radius of 5 miles, centered at lat. 34°21' 00" N, long. 92°04'00" W, excluding those portions which overlap Green Civil Airway No. 5 and Blue Civil Airway No. 22.	Surface to 15,000 feet.	Daylight hours only.	Pine Bluff, Ark., Arsenal.

4. In § 608.14, the Vernalis, California, area, published on March 11, 1950, in 15 F. R. 1329, on March 17, 1950, in 15 F. R. 1510, and on January 8, 1952, in 17 F. R. 191, is hereby combined into one area and revised to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
VERNALIS (San Francisco Chart).	Beginning at lat. 37°30' N, long. 121°10' W; SSE to lat. 37°00' N, long. 121°00' W; counter-clockwise along the arc of a circle with a radius of 3 miles centered at lat. 37°24'30" N, long. 121°09'30" W to lat. 37°22'00" N, long. 121°00'00" W; SSE to lat. 37°10'45" N, long. 121°01'30" W; WNW to lat. 37°18'55" N, long. 121°27'30" W; NNW to lat. 37°37'00" N, long. 121°22'40" W; due E to lat. 37°37'00" N, long. 121°11'10" W, point of beginning.	Surface to unlimited.	Continuous.	12th Naval District and Ames Aeronautical Laboratory, San Francisco, Calif.

5. In § 608.29, the Cotuit, Massachusetts, area, published on July 16, 1949, in 14 F. R. 4292, is amended by changing the "Time of Designation" column to read: "Continuous".

6. In § 608.29, the Nashawena, Massachusetts, area, published on November 18, 1950, in 15 F. R. 7872, is revised to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
NASHAWENA (Boston Chart).	Target No. 1: A circular area having a radius of 1½ nautical miles centered at lat. 41°27'00" N, long. 70°54'10" W. Target No. 2: A circular area having a radius of 1½ nautical miles centered at lat. 41° 26'00" N, long. 70°51'00" W.	Surface to 20,000 feet. do.	Continuous. Daylight hours only, Monday through Friday.	Com Fairchild, 1st Naval District, Boston, Mass. Do.

7. In § 608.29, the North Eastham, Massachusetts, area, published on July 16, 1949, in 14 F. R. 4292, is amended by changing the "Time of Designation" column to read: "Continuous".

8. In § 608.29, the Woods Hole, Massachusetts, area, published on July 16, 1949, in 14 F. R. 4292, is amended by changing the "Time of Designation" column to read: "Continuous".

9. In § 608.41, a Center Hill, North Carolina, area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
CENTER HILL (Norfolk Chart).	A circular area having a radius of 3 miles centered at lat. 36°11'12" N, long. 76°26'06" W.	Surface to 20,000 feet.	Daylight hours only.	LantFit (Com Air Lant), Naval Air Reserve, Norfolk, Va.

10. In § 608.41, a Long Shoal Point, North Carolina, area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
LONG SHOAL POINT (Norfolk Chart).	A circular area having a radius of 3 miles centered at lat. 35°22'48" N, long. 75°41'20" W.	Unlimited.	Continuous.	Naval Ordnance Test Station, China Lake, Calif.

11. In § 608.51, the Corpus Christi, Texas, area, published on July 16, 1949, in 14 F. R. 4295, and amended on May 10, 1951, in 16 F. R. 4311, is further amended by changing the "Description by Geographical Coordinates" column to read: "Beginning at lat. 27°49'20" N, long. 97°00'00" W; southerly 3 nautical miles from and parallel to the shoreline to lat. 26°15'00" N, long. 97°07'20" W; due W to long. 97°26'00" W; NNW to lat. 26°30'30" N, long. 97°31'30" W; ENE to lat. 26°31'30" N, long. 97°27'30" W; counterclockwise along the arc of a circle 3 miles in radius, centered at Port Mansfield Airport (lat. 26°33'35" N, long. 97°25'40" W) to lat. 26°33'45" N, long. 97°28'30" W; WSW to lat. 26°33'00" N, long. 97°32'20" W; NNW to lat. 27°17'30" N, long. 97°43'30" W; WSW to the E edge of Amber Civil Airway No. 4 at lat. 27°16'30" N, long. 97°51'15" W; northerly and northeasterly along the E edges of Amber Civil Airway No. 4 and Blue Civil Airway No. 30 to lat. 27°42'00" N, long. 97°33'00" W; counterclockwise along the arc of a circle 3 miles in radius, centered at Cuddihy Field (lat. 27°43'15" N, long. 97°30'30" W) to lat. 27°40'30" N, long. 97°29'40" W; NE to lat. 27°47'00" N, long. 97°20'00" W; ENE to lat. 27°49'30" N, long. 97°07'30" W; counterclockwise

along the arc of a circle 3 miles in radius, centered at Port Aransas Airport (lat. 27°49'45" N, long. 97°04'30" W) to lat. 27°49'30" N, long. 97°01'30" W; easterly to lat. 27°49'20" N, long. 97°00'00" W, point of beginning."

12. In § 608.52, the Wendover, Utah, Southern Area, published on July 16, 1949, in 14 F. R. 4296, is amended by changing the "Description by Geographical Coordinates" column to read: "Southern Area: Beginning at lat. 40°40'30" N, long. 113°00'00" W; due S to lat. 40°20'00" N; due E to long. 112°40'00" W; due S to lat. 39°19'00" N; westerly along U. S. Highway No. 6 to long. 113°48'00" W; due N to lat. 40°00'00" N; due W to long. 114°00'00" W; due N to lat. 40°20'00" N; due W to long. 114°08'00" W; due N to lat. 40°26'00" N; due E to long. 114°00'00" W; due N to lat. 40°38'30" N; easterly to lat. 40°40'30" N, long. 113°00'00" W, point of beginning." This area is amended also by changing the "Designated Altitudes" column to read: "Surface to unlimited".

13. In § 608.54, the Great Machipongo Inlet, Virginia, area, published on August 18, 1949, in 14 F. R. 5145, is deleted.

14. In § 608.54, a Parramore Island, Virginia, area is added to read:

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
PARRAMORE ISLAND (Norfolk Chart).	Beginning at lat. 37°40'00" N, long. 75°29'40" W; due E to lat. 37°25'00" N, long. 75°27'20" W; due E to a point 3 nautical miles from the shoreline at lat. 37°21'00" N, long. 75°29'00" W; due W to long. 75°30'15" W; NNE to lat. 37°40'00" N, long. 75°29'40" W, point of beginning.	Surface to unlimited.	Continuous.	Tactical Air Command, Langley AFB, Va.

15. In § 608.61, the Big Delta, Alaska, temporary area, published on September 13, 1950, in 15 F. R. 6142, is deleted.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551.)

This amendment shall become effective on January 13, 1952.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Treasury

Subchapter D—Navigation Requirements for Certain Inland Waters

[CGFR 51-64]

PART 82—BOUNDARY LINES OF INLAND WATERS

SOUTHEASTERN ALASKA

In response to petitions received from various individuals and organizations in the maritime industry in Alaska or actively interested in it, a public hearing was held in Juneau, Alaska, on October 24, 1951, for the purpose of receiving comments on and discussing matters pertaining to the maritime industry which are peculiar to Alaska, and over which the Coast Guard has jurisdiction. A notice of this hearing was published in the *FEDERAL REGISTER* dated October 12, 1951, 16 F. R. 10465, and the Commander, 17th Coast Guard District, sent out invitations to known interested parties and press releases to local newspapers and radio stations requesting all persons interested in the marine industry to attend this hearing and discuss, among other things, the classification of the waters of southeastern Alaska for navigation purposes.

The record of the public hearing held by the Commander, 17th Coast Guard District, at Juneau, Alaska, on October 24, 1951, indicates that considerable differences of opinion exist with respect to the application of the general rule for determining inland waters from the high seas in 33 CFR 82.2 in southeastern Alaska. The record also indicates that interested persons feel that a definite rule defining the inland waters and the high seas for the purpose of administering the pilot rules would be very helpful in determining what pilot rules must be followed.

The purpose of the following new regulation, designated 33 CFR 82.275, is to establish a definite line of demarcation between the inland waters and the high seas in southeastern Alaska. The regulation shall become effective 30 days after the date of publication of this document in the *FEDERAL REGISTER* and any person who may feel aggrieved by the promulgation of this regulation may appeal therefrom to the Commandant (CMC), United States Coast Guard, Washington 25, D. C., in writing within 30 days from date of publication of this document in the *FEDERAL REGISTER*. The written appeal shall be presented in triplicate and shall include data and views as to why the regulation shall not be promulgated or suggestions covering any changes therein considered desirable.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below, the following

regulation is prescribed which shall become effective 30 days after the date of publication of this document in the *FEDERAL REGISTER*:

Part 82 is amended by adding a new center heading "Alaska" and a new § 82.275, reading as follows:

§ 82.275 *Bays, sounds, straits and inlets on the coast of southeastern Alaska between Cape Spencer Light Station and Sitklan Island.* A line drawn from Cape Spencer Light Station due south to a point of intersection which is due west of the southernmost extremity of Cape Cross; thence to Cape Edgcombe Light-house; thence through Cape Bartolome Lighthouse and extended to a point of intersection which is due west of Cape Muzon Lighthouse; thence due east to Cape Muzon Lighthouse; thence to a point which is one mile, 180° true from Cape Chacon Lighthouse; thence to Baren Island Lighthouse; thence to Lord Rock Lighthouse; thence to the southernmost extremity of Garnet Point, Kanagunat Island; thence to the southeasternmost extremity of Island Point, Sitklan Island. A line drawn from the northeasternmost extremity of Point Mansfield, Sitklan Island, 040° true, to where it intersects the mainland.

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[General Ceiling Price Regulation,
Interpretation 46]

GENERAL CEILING PRICE REGULATION

INT. 46—USED SUPPLIES AND EQUIPMENT [SECTION 14 (t)]

Section 14 (t) of the GCPR, as amended (Amendment 26 to the GCPR, effective December 26, 1951) exempts from the application of the GCPR sales by any person, other than an agency or instrumentality of the United States Government, of his used supplies or equipment, not acquired or produced by him for the purpose of sale, provided that a used item may not be sold at a price higher than the ceiling price of that item when new for sales to the same class of purchaser.

Containers accumulated incidental to the purchase of commodities in the normal course of business and customarily resold by the commodity purchaser to others, are not "supplies or equipment" within the meaning of section 14 (t) of the GCPR, as amended. Consequently sales of such containers by the commodity purchaser are not exempt under the General Ceiling Price Regulation.

[General Ceiling Price Regulation, Interpretation 1 to Supplementary Regulation 11, Revision 2]

GCPR, SR 11—SOFT SURFACE FLOOR COVERINGS

INT. 1—COMMODITIES COVERED BY THIS SUPPLEMENTARY REGULATION; COVERAGE OF SECTION 2 LIMITED BY SECTION 1

A manufacturer makes an automobile floor covering whose face contains wool and synthetic fibers, but which is not within the categories of chenille, wilton, velvet, Axminster, or punched felt. He asks whether he may establish ceiling prices for this floor covering under SR 11, Revision 2, as amended, to the GCPR.

The only commodities which may be priced under SR 11 to the GCPR are expressly enumerated in section 1 of that supplementary regulation. They are soft surface floor coverings made entirely of wool or falling within the categories of chenille, wilton, velvet, Axminster, and punched felt. Section 2 establishes ceiling prices for base period floor coverings "whose face is made entirely of wool, of synthetic materials, or of a blend of both." However, section 2 does not extend the scope of the coverage of the regulation, as set forth in section 1, but is limited by and applies only to the particular types of floor coverings described in section 1.

Thus the only floor coverings having faces of blends of wool and synthetic materials which may be priced under section 2 are those falling within the categories listed in section 1, i. e., chenille, wilton, velvet, Axminster, and punched felt.

Therefore, manufacturers of such floor coverings as are described in the first paragraph of this interpretation may not determine ceiling prices for such floor coverings under SR 11 to GCPR.

[Ceiling Price Regulation 15, Amdt. 10]

CPR 15—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 3 AND GROUP 4 STORES

WHITE POTATOES; SPECIALTY STORES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic

Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 10 to Ceiling Price Regulation 15 is hereby issued.

STATEMENT OF CONSIDERATIONS

CPR 113, issued to be effective on January 19, 1952, fixes dollar and cents ceiling prices for white potatoes at all levels except for growers and retailers. The reasons for placing white potatoes under price control are set forth in the Statement of Considerations to that regulation. This amendment, together with an amendment to CPR 16, completes the price structure for white potatoes by adding this commodity to the list of "perishables" covered by Table B of CPR 15. Specific percentage markups are provided under this amendment for retailers subject to the regulation.

This amendment establishes separate percentage markups for sales of white potatoes purchased by the retailer in consumer size containers and those purchased by him in bulk. During World War II the sale of pre-packaged white potatoes was a minor part of the total sales of white potatoes and OPA used a single markup for both. Since that time the practice of pre-packaging has grown to such an extent that the sale of pre-packaged potatoes constitutes an important part of the total sales of white potatoes. On the basis of data available, the Director of Price Stabilization has determined that in recent years different markups have generally been used for pre-packaged white potatoes than for white potatoes purchased in bulk. When the retailer purchases pre-packaged white potatoes, the packaging expense is included in the cost to him. The retailer experiences smaller losses due to shrinkage and spoilage, has no packaging cost and considerably less labor cost in handling the pre-packaged white potatoes. For these reasons, retailers have in the past taken smaller markups on the pre-packaged product than on the bulk product. Therefore markups used by OPA for all white potatoes have been re-examined and two sets of markups established.

In view of these changes in the retail marketing of white potatoes, the markups prescribed for pre-packaged potatoes represent a downward adjustment of the overall OPA markups to take account of the removal of the various costs involved in the handling of bulk potatoes at the retail level. To do otherwise would require the consumer to pay a second time for the packaging for which CPR 113 has already authorized an allowance. At the same time, the markups prescribed for potatoes purchased by the retailer in bulk represent an upward adjustment of the OPA markup. This adjustment is based on the limited extent to which the OPA markups reflected markups on pre-packaged goods. Both of these adjustments are supported by recent data which indicate that the prescribed markups are as high as those generally in effect in the pre-Korean period. However, like the markups fixed for "dry groceries", the markups for white potatoes now fixed by this amendment are subject to re-examination in the light of the results of the forthcoming

national survey of pre-Korean margins.

Normally, most retailers buy white potatoes from a country shipper or intermediate seller graded and sacked or packaged in consumer size containers.

The markups provided in this amendment when applied to "net costs" will allow those retailers to obtain sufficient margins. However, certain retailers purchase potatoes from the growers, ungraded and unsacked. In that case the prescribed markups do not provide a sufficient margin since they do not take account of the grading and sacking expenses. Inasmuch as the prices established under CPR 113 for country shippers f. o. b. country shipping point reflect grading, sacking and packaging adjustments, this amendment provides that retailers who buy ungraded and unsacked potatoes may use as their "net cost" the ceiling price fixed by CPR 113 for country shippers performing the same functions, plus certain transportation charges. This will allow retailers who operate in this way to be compensated for these additional expenses.

This amendment also adds a special pricing provision to provide an addition to net cost of 10 cents per cwt. for retailers who purchase white potatoes in carlot or trucklot quantities from growers or country shippers. This is to compensate these retailers for the fact that the OPA markups did not fully reflect the pre-warehousing expenses incidental to purchasing white potatoes in large quantities at an early stage in the distribution process.

Under CPR 15 retailers of perishables have been required up to now to determine their "net cost" by reference to the largest single purchase made in the week preceding the date of recalculation. While this method of figuring net cost has created no difficulties in regard to the perishables hitherto listed in Table B, the situation is quite different where fresh fruits and vegetables are involved, since prices in that field are subject to frequent fluctuation. In addition, shortages may force retailers to buy at different levels of suppliers and incur different costs thereby resulting in a much lower return than contemplated in fixing the markups. Consequently provision has been made in this regulation for retailers to apply their markups to the weighted average cost of all their purchases in the week preceding recalculation rather than the largest single purchase in that week. This method of figuring is more difficult than the one in effect up to now, but its use is, of course, optional and made available as a measure for relieving potential margin squeezes. For obvious administrative reasons the regulation provides that a retailer who wishes to use this alternative method must use it for all perishable commodities.

Under section 26a, specialty stores could, until September 30, 1951, apply to be excluded from using the markups in this regulation and allowed to figure their ceiling prices under the General Ceiling Price Regulation, as amended. However, because of the frequent price fluctuations in the fresh fruits and vegetables field, it is highly impracticable to

control the prices of these commodities through a freeze technique. It is, therefore, necessary to omit fresh fruits and vegetables from adjustments granted under this section since white potatoes are now being controlled at retail by this amendment. Furthermore, OPS is about to start a test program in fixing community dollars-and-cents prices for a number of dry grocery items. This program will fix ceiling prices primarily for cost of living items and it is necessary that specialty stores selling these items be included in this program. Therefore, this amendment provided that specialty stores shall consider themselves Group 1 stores for figuring their ceiling prices on fresh fruits and vegetables and on items community priced. They are put in Group 1 for these purposes because the Group 1 markups and community ceiling prices place them as close as possible to their pre-Korean position.

To the extent practicable the Director has consulted with members of the industry and has given consideration to their recommendations. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950 to June 24, 1950, inclusive; and to relevant factors of general applicability.

AMENDATORY PROVISIONS

Ceiling Price Regulation 15 is amended in the following respects:

1. Section 8 (a) is amended to read as follows:

General rule. Your ceiling price for each item (that is, for each kind, brand, variety, grade and size and also, for each growing area where the governing regulation at the producing or wholesale level makes distinctions by growing areas) of "perishables" listed in Table B shall be the total of (1) the "net cost" of the largest delivery of the item to you during the seven days preceding Monday of each week, plus (2) the markup given you for it in Table B. However, separate ceiling prices shall not be figured for each brand with respect to fresh fruits and vegetables.

2. Section 9 (c) (2) is amended by adding the following: "Separate ceiling prices shall be figured for each container size of an item purchased already packaged in consumer containers."

3. Two new paragraphs (c) and (d) are added to section 21 to read as follows:

(c) *White potatoes purchased by you ungraded and unsacked.* If you purchase ungraded and unsacked white potatoes at a country shipping point (as defined in CPR 113) and you grade and sack such potatoes, use as your "net cost" per "selling unit" the ceiling price per 100 pounds fixed by CPR 113 for sales of that item by a country shipper,

f. o. b. country shipping point, during the month in which you receive delivery at your usual receiving point, plus all transportation charges you paid (except local trucking and local unloading) to your usual receiving point, divided by 100, and multiplied by the number of pounds in your "selling unit".

(d) *White potatoes purchased by you in carlot or trucklot quantities.* If you purchase white potatoes in "carlot" or "trucklot" quantities from a "grower" or "country shipper" (as defined in CPR 113), figure your ceiling price for each item so purchased in the following way: Start with the amount paid for the quantity of the item delivered, less all discounts except the discount for prompt payment. Add to that figure all transportation charges you paid to your usual receiving point, which may include costs for refrigeration, heating and ventilation, but not costs for local trucking or local unloading. (If you purchase any item of white potatoes ungraded and unsacked as set forth in paragraph (c) of this section, start with the figure computed for that item under that paragraph.) Increase that figure by ten (10) cents per cwt. To get your ceiling price, reduce the resulting figure to the "net cost" per "selling unit" and apply the markups for your group of retailer following the instructions as set forth in sections 8 and 9.

4. A new section, 21b, is inserted between section 21a and section 22 to read as follows:

Sec. 21b. *How you may figure your ceiling prices for "perishables" on a weighted average net cost basis.* Sections 8 and 9 of this regulation require you to use in figuring your ceiling price for "perishables" the net cost of the largest delivery to you in the seven-day period before the Monday (or Friday for stores which price from a central point) for which you are figuring your price. If you so desire, however, you may use as the net cost of an item of "perishables" the weighted average net cost of all deliveries of that item to you during that seven-day period. Before beginning to figure "net cost" in this manner you must notify in writing the OPS district office for your area. After notification you may not use the net cost of the largest delivery during the seven-day period to figure your ceiling price for any of the "perishables" listed in Table B and you must, thereafter, use the weighted average method for all "perishables". However, you must continue to use all other provisions of sections 8 and 9 in figuring your ceiling prices for these items.

5. Section 26a is amended by adding a paragraph (c) to read as follows:

(c) Any adjustment granted at any time under this section shall not apply to fresh fruits and vegetables or to items under this regulation for which dollars-and-cents ceiling prices at retail are fixed in any regulation or order which has been or may be issued by OPS. In figuring your ceiling prices for fresh fruits and vegetables you shall consider yourself a Group 1 store for the purpose of all "special pricing provisions" and

markups contained in Ceiling Price Regulation 16. You shall also consider yourself a Group 1 store under any OPS regulation or order fixing dollars-and-cents ceiling prices at retail for items under this regulation.

6. Section 37 (c) (36) is amended by deleting the following:

Fresh fruits and vegetables.

7. Section 37 (d) (36) is amended by adding the following:

Fresh fruits and vegetables, except white potatoes.

8. Section 38 (a) is amended by adding to Table B the following:

(3) Fresh vegetables:

Potatoes, white.....	32	30	5 pounds.
Potatoes, white*.....	21	20	1 package.

*Purchased and sold in consumer size containers; purchased ungraded and unsacked but sold graded in consumer size containers.

9. Section 38 (b) is amended by adding the following:

(3) "Fresh vegetables."

"Potatoes, white" means all white flesh potatoes used for human consumption or for seed (except foundation stock and certified seed potatoes, as defined in CPR 113, when sold for planting).

10. Section 38 (c) is amended by adding the following:

"Potatoes, white".

Excluded are: None.

11. Section 38 (d) is amended by adding the following:

"Potatoes, white".

Excluded are: Foundation stock and certified seed potatoes, when sold for planting. (Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154.)

Effective date. This amendment shall become effective January 28, 1952.

[Ceiling Price Regulation 16, Amdt. 10]

CPR 16—CEILING PRICES OF CERTAIN FOODS SOLD AT RETAIL IN GROUP 1 AND GROUP 2 STORES

WHITE POTATOES; SPECIALTY STORES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 10 to Ceiling Price Regulation 16 is hereby issued.

STATEMENT OF CONSIDERATIONS

CPR 113, issued to be effective on January 19, 1952, fixes dollar and cents ceiling prices for white potatoes at all levels except for growers and retailers. The reasons for placing white potatoes under price control are set forth in the Statement of Considerations to that regulation. This amendment, together with an amendment to CPR 15, com-

pletes the price structure for white potatoes by adding this commodity to the list of "perishables" covered by Table B of CPR 16. Specific percentage markups are provided under this amendment for retailers subject to the regulation.

This amendment establishes separate percentage markups for sales of white potatoes purchased by the retailer in consumer size containers and those purchased by him in bulk. During World War II the sale of pre-packaged white potatoes was a minor part of the total sales of white potatoes and OPA used a single markup for both. Since that time the practice of pre-packaging has grown to such an extent that the sale of pre-packaged potatoes constitutes an important part of the total sales of white potatoes. On the basis of data available, the Director of Price Stabilization has determined that in recent years different markups have generally been used for pre-packaged white potatoes than for white potatoes purchased in bulk. When the retailer purchases pre-packaged white potatoes, the packaging expenses is included in the cost to him. The retailer experiences smaller losses due to shrinkage and spoilage, has no packaging cost and considerably less labor cost in handling the pre-packaged white potatoes. For these reasons, retailers have in the past taken smaller markups on the pre-packaged product than on the bulk product. Therefore markups used by OPA for all white potatoes have been re-examined and two sets of markups established.

In view of these changes in the retail marketing of white potatoes, the markups prescribed for pre-packaged potatoes represent a downward adjustment of the overall OPA markups to take account of the removal of the various costs involved in the handling of bulk potatoes at the retail level. To do otherwise would require the consumer to pay a second time for the packaging for which CPR 113 has already authorized an allowance. At the same time, the markups prescribed for potatoes purchased by the retailer in bulk represent an upward adjustment of the OPA markup. This adjustment is based on the limited extent to which the OPA markups reflected markups on pre-packaged goods. Both of these adjustments are supported by recent data which indicate that the prescribed markups are as high as those generally in effect in the pre-Korean period. However, like the markups fixed for "dry groceries", the markups for white potatoes now fixed by this amendment are subject to re-examination in the light of the results of the forthcoming national survey of pre-Korean margins.

Normally, most retailers buy white potatoes from a country shipper or intermediate seller graded and sacked or packaged in consumer size containers. The markups provided in this amendment when applied to "net costs" will allow those retailers to obtain sufficient margins. However, certain retailers purchase potatoes from growers, ungraded and unsacked. In that case the prescribed markups do not provide a sufficient margin since they do not take account of the grading and sacking ex-

penses. Inasmuch as the prices established under CPR 113 for country shippers, f. o. b. country shipping point, reflect grading, sacking and packaging adjustments, this amendment provides that retailers who buy ungraded and unsacked potatoes may use as their "net cost" the ceiling price fixed by CPR 113 for country shippers performing the same functions, plus certain transportation charges. This will allow retailers who operate in this way to be compensated for these additional expenses.

This amendment also adds a special pricing provision to provide an addition to net cost of 10 cents per cwt. for retailers who purchase white potatoes in carlot or trucklot quantities from growers or country shippers. This is to compensate these retailers for the fact that the OPA markups did not fully reflect the pre-warehousing expenses incidental to purchasing white potatoes in large quantities at an early stage in the distribution process.

Under CPR 16 retailers of perishables have been required up to now to determine their "net cost" by reference to the largest single purchase made in the week preceding the date of recalculation. While this method of figuring net cost has created no difficulties in regard to the perishables hitherto listed in Table B, the situation is quite different where fresh fruits and vegetables are involved, since prices in that field are subject to frequent fluctuation. In addition, shortages may force retailers to buy at different levels of suppliers and incur different costs thereby resulting in a much lower return than contemplated in fixing the markups. Consequently provision has been made in this regulation for retailers to apply their markups to the weighted average cost of all their purchases in the week preceding recalculation rather than the largest single purchase in that week. This method of figuring is more difficult than the one in effect up to now, but its use is, of course, optional and made available as a measure for relieving potential margin squeezes. For obvious administrative reasons the regulation provides that a retailer who wishes to use this alternative method must use it for all perishable commodities.

Under section 24a, specialty stores could, until September 30, 1951, apply to be excluded from using the markups in this regulation and allowed to figure their ceiling prices under the General Ceiling Price Regulation, as amended. However, because of the frequent price fluctuations in the fresh fruits and vegetable field it is highly impracticable to control the prices of these commodities through a freeze technique. It is, therefore, necessary to omit fresh fruits and vegetables from adjustments granted under this section, since white potatoes are now being controlled at retail by this amendment. Furthermore, OPS is about to start a test program in fixing community dollars-and-cents ceiling prices for a number of dry grocery items. This program will fix ceiling prices primarily for cost of living items and it is necessary that to the extent that specialty stores sell items of that kind they be included in the program. Therefore, this

amendment provides that adjustments under section 24a do not apply to fresh fruits and vegetables or to items community priced. It also provides that specialty stores in Group 2 shall consider themselves Group 1 stores for figuring their ceiling prices on fresh fruits and vegetables and on items community priced. They are put in Group 1 for these purposes because the Group 1 markups and community ceiling prices place them as close as possible to their pre-Korean position.

To the extent practicable the Director has consulted with members of the industry and has given consideration to their recommendations. In the judgment of the Director of Price Stabilization the provisions of this amendment are generally fair and equitable and are necessary to effectuate the purpose of Title IV of the Defense Production Act of 1950, as amended.

So far as practicable the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended; to prices prevailing during the period from May 24, 1950 to June 24, 1950, inclusive; and to relevant factors of general applicability.

AMENDATORY PROVISIONS

Ceiling Price Regulation 16 is amended in the following respects:

1. Section 8 (a) is amended to read as follows:

SEC. 8. *General rule.* Your ceiling price for each item (that is, for each kind, brand, variety, grade and size and also, for each growing area where the governing regulation at the producing or wholesale level makes distinction by growing areas) of "perishables" listed in Table B shall be the total of (1) the "net cost" of the largest delivery of the item to you during the seven days preceding Monday of each week, plus (2) the markup given you for it in Table B. However, separate ceiling prices shall not be figured for each brand with respect to fresh fruits and vegetables.

2. Section 9 (c) (1) is amended by adding the following: "Separate ceiling prices shall be figured for each container size of an item purchased already packaged in consumer containers."

3. Section 21 (a) is amended by putting a semicolon after the last word, "sale", and adding the words "If you purchase white potatoes ungraded and unsacked; and if you purchase white potatoes in carlot or trucklot quantities".

4. A new section, 21a, is inserted between section 21 and section 22 to read as follows:

SEC. 21a. *How you may figure your ceiling prices for "perishables" on a weighted average net cost basis.* Sections 8 and 9 of this regulation require you to use in figuring your ceiling price for "perishables" the net cost of the largest delivery to you in the seven-day period before the Monday (or Friday for stores which price from a central point) for which you are figuring your prices. If you so desire, however, you may use as the net cost of an item of "perish-

ables" the weighted average net cost of all deliveries of that item to you during that seven-day period. Before beginning to figure "net cost" in this manner you must notify in writing the OPS district office for your area. After notification you may not use the net cost of the largest delivery during the seven-day period to figure your ceiling price for any of the "perishables" listed in Table B and you must, thereafter, use the weighted average method for all "perishables". However, you must continue to use all other provisions of sections 8 and 9 in figuring your ceiling prices for these items.

5. Section 24a is amended by adding a paragraph (c) to read as follows:

(c) Any adjustment granted at anytime under this section shall not apply to fresh fruits and vegetables or to items under this regulation for which dollars-and-cents ceiling prices at retail are fixed in any regulation or order which has been or may be issued by OPS. If you are a Group 2 store you shall consider yourself a Group 1 store and use the applicable markups in this regulation for fresh fruits and vegetables. You shall also consider yourself a Group 1 Store under any OPS regulation or order fixing dollars-and-cents ceiling prices at retail for items under this regulation.

6. Section 32 (c) (36) is amended by deleting the following:

Fresh fruits and vegetables.

7. Section 32 (d) (36) is amended by adding the following:

Fresh fruits and vegetables, except white potatoes.

8. Section 33 (a) is amended by adding to Table B the following:

(3) Fresh vegetables:

Potatoes, white	35	32	5 pounds.
Potatoes, white*	23	21	1 package.

*Purchased and sold in consumer size containers; purchased ungraded and unsacked but sold graded in consumer size containers.

9. Section 33 (b) is amended by adding the following:

(3) Fresh vegetables.

"Potatoes, white" means all white flesh potatoes used for human consumption or for seed (except foundation stock and certified seed potatoes as defined in CPR 113, when sold for planting).

10. Section 33 (c) is amended by adding the following:

"Potatoes, white".
Excluded are: None.

11. Section 33 (d) is amended by adding the following:

"Potatoes, white".
Excluded are: Foundation stock and certified seed potatoes, when sold for planting. (Sec. 704, 64 Stat. 816, as amended; 50 U.S.C. App. Sup. 2154)

Effective date. This amendment shall become effective January 28, 1952.

[Ceiling Price Regulation 30, Amdt. 30]

CPR 30—MACHINERY AND RELATED MANUFACTURED GOODS

INSTALLATION AND ERECTION SERVICES

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 30 to Ceiling Price Regulation 30 is hereby issued.

STATEMENT OF CONSIDERATIONS

The accompanying amendment to section 1 (b) of CPR 30 (Machinery and Related Manufactured Goods) further limits the coverage of the regulation with respect to installation and erection services. A machine, or piece or assembly of industrial equipment may be installed or erected by the manufacturer at the buyer's plant or site in an operation identical with that of a construction contractor. As in the case of a construction job, it may require concrete, masonry, plumbing or other related specialized construction skills, in any combination. Further, it is performed at varying sites in varying localities, using local labor or subcontractors. As a result, material costs will almost always vary, if only by reason of freight differentials. Legally established wage scales and subcontractors' ceiling prices may also vary with each locality. It is therefore deemed appropriate that installation or erection services performed by manufacturers of commodities covered by CPR 30 be priced in the same manner as other contract construction.

The regulation continues to cover installation or erection services which primarily derive from manufacturing skills and the special operational problems of the equipment. In some cases, these are so closely related to the commodity that they are included in the price of the commodity, which is then quoted or listed on the basis of its sale installed. Thus, the regulation remains applicable to the manufacturer's supply of engineering and supervisory service necessary to install or erect the commodity, and to the service included in a base period price, established by section 7 of the regulation for the sale of the commodity on an installed or erected basis. It should be noted that where the engineering and supervisory services are part of the contract for installation or erection, that contract is priced under CPR 93—Construction and Related Services and Sales of Installed Materials.

Because of the numerous manufacturing groups affected by this action it was impossible to consult formally with their representatives. However, in the preparation of this amendment, conferences were held with many individual industry representatives and consideration was given to their recommendations.

AMENDATORY PROVISIONS

Section 1 (b) of Ceiling Price Regulation 30 is amended to read as follows:

(b) *Installation or erection services.* If you are a manufacturer of a commodity covered by this regulation, or a parent, affiliate, or wholly owned subsidiary of the manufacturer, this regulation also

covers your sale of that commodity on an installed or erected basis where you had a base period price as defined in section 7 of this regulation for the sale of that commodity on an installed or erected basis. It also covers the engineering or supervisory services, or both, furnished by you for the installation or erection of the commodity which you sell. Except as covered above, the assembly or other fabrication incidental to the erection or installation of a commodity listed in Appendix A of this regulation when performed at the site of installation or erection is not covered by this regulation. Your erection or installation services not covered by this regulation are covered by CPR 93 (Construction and Related Services and Sales of Installed Materials).

[Ceiling Price Regulation 61, Amdt. 2, Correction]

CPR 61—EXPORTS

PRICING AND REPORTING BY EXPORTERS

Several corrections are made in Amendatory Provision 3 of Amendment 2 to Ceiling Price Regulation 61. This Provision 3 amends section 2 of CPR 61 by adding a paragraph (c) to that section.

Due to clerical error the word "continental" was not inserted immediately before the words "United States," wherever these latter words appear in Amendatory Provision 3. Also due to clerical error, the phrase "its territories or possessions" was inserted at the end of Amendatory Provision 3.

As stated in paragraph 2 of the Statement of Considerations of Amendment 2 to CPR 61, that amendment intended to make the regulation applicable to sales from the continental United States to the territories and possessions of the United States, as well as to sales from the continental United States to foreign countries. Accordingly, Amendatory Provision 3 of Amendment 2 to CPR 61 is corrected to read as follows:

3. Section 2 is amended by adding section 2 (c) to read as follows:

(c) *Sales between companies under common control.* Except in respect to companies integrated or related solely for the purposes of the Webb-Pomerene Act (Act of April 10, 1918, c. 50, 40 Stat. 516; 15 U. S. C. sec. 61-65) this regulation permits integrated or related companies, which are domiciled in the continental United States, when the companies are either directly or indirectly under common control, or when their relationship is that of parent and subsidiary to: (1) Notify the OPS National Office in writing that they choose to con-

sider all of such integrated or related companies as a unit so that inter-company transactions will not be subject to the provisions of this regulation; or (2) continue such inter-company transactions on the same basis as though each company in the group were independent and in all respects subject to the provisions of this regulation. If integrated or related companies choose option (1) under this section then this regulation applies to the sale or shipment by such integrated or related companies to the first subsidiary, related or independent company or buyer, domiciled outside the continental United States.

[Ceiling Price Regulation 84, Amdt. 1]

CPR 84—CERTAIN CONVERTED PAPERBOARD PRODUCTS

INCLUSION OF THE TERRITORY OF HAWAII

Pursuant to the Defense Production Act of 1950, as amended, (Pub. Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to Ceiling Price Regulation 84 is hereby issued.

STATEMENT OF CONSIDERATIONS

Ceiling Price Regulation 84 establishes ceiling prices for certain converted paperboard products. This amendment to CPR-84 adds the Territory of Hawaii to geographical area covered by that regulation.

In the Territory of Hawaii there are three firms manufacturing paper boxes, primarily for the retail trade. Ceiling prices for sales by these firms are presently established by the General Ceiling Price Regulation.

In the fall of 1950, chipboard (the principal material used in the manufacture of paper boxes) became very scarce and prices rose more than 50 percent over the prices prevailing during the summer of that year. Because delivery at the higher price was not made until after the issuance of the CPR, in at least one case the manufacturer was caught in a squeeze between his frozen prices and substantially increased cost.

CPR-84 establishes ceiling prices on the basis of a formula which will permit the territorial manufacturers a price whereby they may continue in business. At the same time, the price increases which will result will not affect overall prices at the consumer level, since the cost of packing boxes to dealers is an item of margin expense, which, in relation to other expenses, has a comparatively light impact.

In the formulation of this amendment, the Office of Price Stabilization has consulted with all the manufacturers involved and has given full consideration to their recommendations.

AMENDATORY PROVISIONS

1. Section 2 of CPR-84 is amended by deleting the word "and" after "United States" and inserting a comma in its place; by deleting the period at the end of the section, and substituting a comma therefor and by adding, following the comma, the words "and the Territory of Hawaii" so that the amended section reads:

Sec. 2. *Applicability.* The provisions of this regulation shall apply within the forty-eight States of the United States, the District of Columbia, and the Territory of Hawaii.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 1 to Ceiling Price Regulation 84 is effective January 28, 1952.

[General Ceiling Price Regulation, Amdt. 7 to Supplementary Regulation 29]

✓ GPCR, SR 29—CEILING PRICES FOR CERTAIN SALES AT RETAIL AND AT WHOLESALE

INCREASES IN RESELLERS' CEILING PRICES FOR SODIUM SILICOFLUORIDE

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 7 to Supplementary Regulation 29 to the General Ceiling Price Regulation is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment permits resellers of sodium silicofluoride to recalculate their ceiling prices to reflect increases in their cost of that commodity, which were allowed by Supplementary Regulation 50 to the General Ceiling Price Regulation, SR 50, issued August 23, 1951, and effective August 28, 1951, permitted manufacturers of sodium silicofluoride to increase their ceiling prices on their sales of that commodity. This action was taken in order to encourage increased production of sodium silicofluoride needed for the expansion of water fluoridation programs. Such programs are regarded by dental authorities and the United States Public Health Service as important in arresting the decay of teeth. At the time SR 50 was issued, sufficient information was lacking as to the effect of this increase on resellers of sodium silicofluoride, who represent a relatively small portion of the sales market of that commodity. It now appears that these resellers are suffering a price "squeeze", which, in the opinion of the Director, should be corrected. The correction of this squeeze is also consonant with the purposes of the recently added section 402 (k) of the Defense Production Act of 1950, as amended.

The price squeeze is being relieved by amending Supplementary Regulation 29 to include Supplementary Regulation 50 in the list of regulations in section 1. This means that resellers of sodium silicofluoride may adjust their ceiling prices to reflect increases resulting from SR 50 in the same manner that they would to reflect increases resulting from such regulations as Ceiling Price Regulation 22.

This amendment results from a consideration of recommendations made by individual resellers of sodium silicofluoride. It has not been deemed necessary or practical to have other formal consultations with representative members of the industry.

AMENDATORY PROVISIONS

The first paragraph of section 1 of Supplementary Regulation 29 is amended by inserting before the final period the words "Supplementary Regulation 50 to the General Ceiling Price Regulation" (sodium silicofluoride), such words to be preceded by a semicolon.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This Amendment 7 to Supplementary Regulation 29 to the General Ceiling Price Regulation is effective January 28, 1952.

[General Overriding Regulation 12, Amdt. 1]

✓ GOR 12—CERTAIN SOLID FUEL EXEMPTIONS

"PHILTERKOL"

Pursuant to the Defense Production Act of 1950, as amended, Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 1 to General Overriding Regulation 12 is hereby issued.

STATEMENT OF CONSIDERATIONS

GOR 12 was designed to exempt from price controls certain solid fuels. However, at the time GOR 12 was issued it was anticipated that other items might be added from time to time.

This amendment to GOR 12 exempts from price control "Philterkol", a specially prepared anthracite coal used in hot process filtration. The market is very limited and replacement is negligible. The product is produced by one company and sales for the year 1950 amounted to only 1,250 net tons, which is a very small part of the ten million tons sold annually by the producer.

Exemption of "Philterkol" will not defeat the intent of price control. The product, sold only in limited quantities, is wholly insignificant as a cost of living item. The product is used only at the manufacturing level and represents an exceedingly small portion of costs.

This amendment exempting "Philterkol" also requires that the OPS, Transportation, Public Utilities and Fuels Division, Washington, D. C., be notified of

any price increase at the time such increase is put into effect. In this way the OPS will be kept current with the price situation and will have immediate knowledge of any undue price increases, if such should occur.

While it is expected that some increase in price will result if "Philterkol" is exempted from price control, the Director has concluded that the maintenance of controls on this product would present the Office of Price Stabilization with administrative difficulties disproportionate to the significance of the product.

AMENDATORY PROVISIONS

General Overriding Regulation 12 is amended in the following respects:

1. Section 2 is amended by adding a new paragraph (c) as follows:

(c) Sales by producers or distributors of Pennsylvania anthracite when sold and delivered under the trade name "Philterkol", a specially prepared anthracite used as a medium in hot process filtration. Persons making such sales are subject to the record-keeping (section 5) and reporting (section 6) provisions of this regulation.

2. Section 7 is amended by adding a new paragraph (e) as follows:

(e) "Philterkol" means a specially prepared anthracite used as a medium in hot process filtration.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective January 28, 1952.

NOTE: The record-keeping and reporting requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Chapter VI—National Production Authority, Department of Commerce

[NPA Order M-25, as Amended January 22, 1952]

M-25—CANS

This amended order is found necessary and appropriate to promote the national defense and is issued pursuant to the Defense Production Act of 1950, as amended. In the formulation of this amended order there has been consultation with industry representatives, including trade association representatives, and consideration has been given to their recommendations. However, consultation with representatives of all trades and industries affected by the issuance of this amended order has been rendered impracticable because the amended order affects a very substantial number of different trades and industries.

This amended order, as of its effective date, constitutes a complete revision of and supersedes in its entirety NPA Order M-25 as amended August 23, 1951 (effective

tive October 1, 1951), and as further amended by Amendment 1 thereto, issued and effective October 8, 1951. Direction 2 to NPA Order M-25, issued December 12, 1951, and Direction 3 to NPA Order M-25, issued December 29, 1951 (effective January 1, 1952), remain in full force and effect.

As amended, NPA Order M-25 reads as follows:

- Sec.
1. What this order does.
 2. Definitions.
 3. Restrictions on use of cans.
 4. Other restrictions.
 5. Restrictions on quantity of cans that may be accepted.
 6. Restrictions on quantity of cans that may be used for packing.
 7. Certain other adjustments.
 8. Restrictions on can manufacturers.
 9. Exceptions.
 10. Certification of delivery of cans.
 11. Request for adjustment or exception.
 12. Records and reports.
 13. Communications.
 14. Violations.

AUTHORITY: Sections 1 to 14 issued under sec. 704, 64 Stat. 816, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2154. Interpret or apply sec. 101, 64 Stat. 799, Pub. Law 96, 82d Cong.; 50 U. S. C. App. Sup. 2071. Sec. 101, E. O. 10161, Sept. 9, 1950, 15 F. R. 6105; 3 CFR, 1950 Supp.; sec. 2, E. O. 10200, Jan. 3, 1951, 16 F. R. 61; sec. 402, 405, E. O. 10281, Aug. 28, 1951, 16 F. R. 8789.

SECTION 1. What this order does. This order places restrictions upon the acceptance of, the delivery of, and the uses of cans. Schedule I sets out required plate specifications which vary according to the products packed. NPA Order M-24 permits the use of tin plate andterneplate for cans in accordance with the terms of this order. NPA Order M-8 sets forth specifications for solder that may be used in the manufacture of cans. Under the Controlled Materials Plan (CMP), allotments of tin plate,terneplate, and black plate are made to can manufacturers for the production of cans.

Sec. 2. Definitions. As used in this order:

- (a) "NPA" means the National Production Authority.
- (b) "Can" means any unused container made in whole or in part of tin plate,terneplate, or black plate, which is suitable for packing any product. The term includes any container which has a closure or fitting made in whole or in part of tin plate,terneplate, or black plate, but does not include a glass container having such a closure or fitting. The term does not include fluid milk shipping containers, nor crown closures for cone-topped cans.
- (c) "Person" means any individual, corporation, partnership, association, or any other organized group of persons, and includes any agency of the United States or any other government.
- (d) "Packer" means any person who either (1) purchases empty cans and fills such cans in packing any product, or (2) purchases empty cans and has them filled for his account by another party, but who controls sale and distribution of the finished product after packing.
- (e) "Tin plate" means steel sheets coated with tin, and includes electrolytic

tin plate, hot-dipped tin plate, primes, seconds, unassorted, tin plate waste-waste, menders, unmended menders, and unassorted temper tin plate.

(f) "Terneplate" means steel sheets coated with terne metal, and includes special coated manufacturing ternes (SCMT), manufacturing ternes, primes, seconds, unassorted, andterneplate waste-waste.

(g) "Black plate" means steel sheets (other than tin plate orterneplate) 29 gage (128 pounds) or lighter. The term includes can manufacturing quality black plate (CMQ), chemically treated black plate (CTB), primes, seconds, and unassorted, but does not include black plate rejects.

(h) "Black plate rejects" means black plate 29 gage (128 pounds) or lighter, which has been rejected during processing by the producer because of imperfections which disqualify such black plate from sale as primes, seconds, or unassorted.

(i) "Waste-waste" means hot-dipped or electrolytic tin-coated steel sheets or steel sheets coated with terne metal which have been rejected during processing by the producer because of imperfections which disqualify such sheets from sale as primes, seconds, or unassorted.

(j) "Unmended menders" means tin plate arising in the production of electrolytic tin plate which has been set aside by the producer by reason of surface appearance which disqualifies such tin plate from sale as primes, seconds, or unassorted.

(k) "Menders" means tin plate arising in the production of electrolytic tin plate which has been set aside by the producer by reason of surface appearance which disqualifies such tin plate from sale as primes, seconds, or unassorted, and mended either into coke tin plate primes, seconds, or unassorted by hot-dipping in tin; or into primes, seconds, or unassortedterneplate by hot dipping in terne metal.

(l) "Unassorted temper tin plate" means primes, seconds, or unassorted tin plate, arising in the production of hot-dipped or electrolytic tin plate, which has been packaged without regard to temper.

(m) "Waste" means protective sheets and lacquered or lithographed misprint sheets of tin plate,terneplate, or black plate, and includes scrap such as strips and circles produced in the ordinary course of manufacturing cans, and tin plate strips,terneplate strips, or black plate strips, produced in the ordinary course of manufacturing tin plate,terneplate, or black plate. The term also includes tin plate,terneplate, or black plate parts recovered from used cans.

Sec. 3. Restrictions on use of cans. Subject to the exceptions set forth in section 9 of this order, no person shall use cans for any purpose other than for packing a product listed in Schedule I in accordance with the groupings, the quota percentage limitations, and the can material specifications set out in Schedule I appearing at the end of this order.

Sec. 4. Other restrictions. No person shall manufacture, sell, or deliver cans

which he knows or has reason to believe will be accepted or used in violation of the terms of this order or any other order or regulation of NPA. No person shall sell or deliver empty cans which he knows or has reason to believe will be exported outside of the continental limits of the United States, its territories and possessions (unless such export is to Canada) except as permitted under section 9 (d) of this order.

Sec. 5. Restrictions on quantity of cans that may be accepted. No person shall accept delivery of any cans at a time when his inventory thereof exceeds, or by acceptance of such delivery would be made to exceed, a practicable minimum working inventory of cans, as defined in NPA Reg. 1, as now in force or as hereafter amended.

Sec. 6. Restrictions on quantity of cans that may be used for packing. (a) Commencing with the first calendar quarter of 1952, a packer shall select either the calendar year 1949 or the calendar year 1950 as the packing base period on the basis of which he shall predicate and compute his permitted usage of cans for packing each product which he packs. He may select either 1949 or 1950 for any particular product, but he must thereafter, until otherwise ordered, directed, or authorized by NPA, continue to use the base year so selected for a particular product as the basis for predication and computing his permitted can usage for packing that product.

(b) During the first calendar quarter of 1952 and each subsequent calendar quarter, no person, unless or until otherwise authorized by NPA, may use cans for packing any particular product listed in Schedule I of this order in excess of a quota of cans determined by applying the percentage listed in column (2) of Schedule I opposite the particular product to the amount of cans which he used for packing that particular product during the corresponding quarter of his selected base year.

(c) The term "amount of cans," as used in this order with respect to packing a particular product during a particular calendar quarter of a packer's selected base year, means either (1) the total area of tin plate,terneplate, and black plate (including the total area of tin plate waste,terneplate waste, black plate rejects, and black plate waste) used in the manufacture of the cans and parts of cans which the packer used for packing that product during that quarter, or (2) the total weight of tin plate,terneplate, and black plate (including the total weight of tin plate waste,terneplate waste, black plate rejects, and black plate waste) used in the manufacture of the cans and parts of cans which the packer used for packing that product during that quarter: *Provided, however,* That the total usage of tin (by weight of tin) permitted by the weight method shall not exceed the total usage of tin (by weight of tin) permissible by the area method.

(d) Where the word "unlimited" appears in column (2) of Schedule I opposite a particular product, a packer may use the specified cans in an unlimited quantity to pack that particular

product, subject to the inventory restrictions contained in section 5 of this order. Where a quota percentage appears in column (2) of Schedule I opposite a particular product, and a packer uses less than the limited quota of cans permitted for packing that particular product during any calendar quarter, he may, unless otherwise directed by NPA, use the unused quantity for packing that particular product during any succeeding calendar quarter or quarters of 1952.

(e) No packer may assign, transfer, or surrender, to or for the benefit of any other person, his permissible can quota or quotas for any calendar quarter, or any part or parts of any such quota.

(f) In certain instances column (2) of Schedule I of this order authorizes one quota for packing a particular product in cans of a larger size or sizes and a different quota for packing such product in cans of smaller size or sizes. In such instances, the packer's base period usage for packing that product in cans of larger size or sizes determines his permitted base for packing such product in such larger size or sizes, and his base period usage for packing such product in cans of smaller size or sizes determines his permitted base for packing such product in such smaller size or sizes.

SEC. 7. Certain other adjustments. Packers may adjust their own quarterly quotas in accordance with the provisions of Direction 3 of this order, as issued December 29, 1951, or as from time to time hereafter amended.

SEC. 8. Restrictions on can manufacturers. So far as practicable, every can manufacturer shall schedule his operations (including his ordering of tin plate, terneplate, and black plate) so as to insure delivery of all orders bearing the program identification symbol A, B, C, or E, and any other orders under NPA directives.

SEC. 9. Exceptions—(a) Small business.

(1) Any person who, during 1949 or 1950, purchased cans for packing and not for resale and who used such cans for packing, but whose total use of cans for packing all products during each of those years was not more than 250 base boxes of tin plate, terneplate, and black plate, may purchase and use for packing in any calendar year, irrespective of the quota limitations in this order, but in accordance with the can material specifications in Schedule I, a total quantity of cans equivalent to not more than 250 base boxes of tin plate, terneplate, and black plate. This exemption does not apply to any person who buys empty cans or parts thereof and sells such empty cans or parts thereof to a packer.

(2) Any packer having only one line of equipment for packing all of his products in cans may use in each calendar quarter, for packing all such products, either sufficient cans to utilize such facilities for the equivalent of thirteen 8-hour shifts, or 100 percent of the amount of cans which he used for packing all such products in the corresponding calendar quarter of his base year, whichever is the lesser.

(3) The use limitations of section 6 of this order and the can material specifications in Schedule I do not apply to cans used to pack any product in home canning, community canning, or institutional (meaning such institutions as prisons, vocational schools, and mental hospitals) canning where the product is not to be sold. This exception also applies to cans for packing laboratory samples and control samples, but not to cans for packing samples distributed for the purpose of advertising or for promoting the sale of a product, nor to any cans used for packing products which are later repacked and sold.

(b) **Can materials.**

(1) The can material specifications of this order do not apply to cans or parts of cans made entirely of tin plate waste, waste, tin plate waste, terneplate waste, terneplate waste, black plate rejects, or black plate waste, or to cans made entirely of any combination thereof.

(2) The quantity usage limitations of this order do not apply to cans or parts of cans made entirely of tin plate waste, terneplate waste, black plate rejects, or black plate waste, or entirely of any combination thereof, nor do such usage limitations apply to fiber body cans having ends of tin plate waste-waste or terneplate waste-waste.

(c) **Defense requirements.**

(1) Orders bearing the program identification symbol A, B, C, or E, are exempt from the restrictions in sections 5 and 6 of this order on the quantity of cans that may be accepted and used.

(2) The use of cans for packing any product which is required to be packed in cans, set aside, and reserved for purchase by any authorized Government agency under the United States Department of Agriculture Set-Aside Program is exempt from the use limitations of this order, but not from the can material specifications in Schedule I of this order: *Provided, however,* That whenever the product so to be packed by a packer, set aside, and reserved for purchase by any authorized Government agency is any one of the following:

Beans, lima.	Spinach.
Beans, string.	Sweetpotatoes.
Catsup.	Tomatoes.
Corn.	Tomato juice.
Carrots.	Tomato paste.
Peas.	Tomato puree.

then all or any No. 10 cans or larger, or any part or parts thereof, which the packer uses for packing that product, whether all or less than all of his pack in No. 10 cans or larger of that product is so set aside and reserved, may be made of 0.50 electrolytic tin plate instead of 0.25 electrolytic tin plate in any respect for which 0.25 electrolytic tin plate is prescribed by the applicable can material specifications in Schedule I of this order.

(3) The can material specifications set out in Schedule I of this order shall not apply to orders bearing the program identification symbol A, B, C, or E, and requiring the packing of products in accordance with military or Federal specifications for the Department of Defense for use outside the 48 States of the

United States and the District of Columbia by the Armed Forces of the United States, including the United States Coast Guard.

(4) The restrictions of this order shall not apply to military requirements for cans of a special design or style not normally produced or used commercially, or to cans for emergency rations and supplies for lifeboats.

(d) **Export.** The provisions of this order shall not apply to the sale or delivery of empty cans where the person selling or delivering the same has received a validated export license therefor from the Office of International Trade, or has received from another person a certificate signed manually. This certificate shall be by letter in substantially the following form, the inapplicable words stricken therefrom, and shall be filed with each purchase order with the person selling or delivering to such other person cans for export:

To _____, seller: The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that (he has received a certification from another person that) the Office of International Trade has issued to (him) (such other person) validated export license No. _____ for export shipment of all of the items included in the attached purchase order, and that all purchases from you of items included in the said purchase order and the acceptance of the same will be in compliance with the said validated export license.

In cases of export to those countries where the Office of International Trade does not require an export license, no certificate shall be required until such time as an export license is required by the Office of International Trade.

SEC. 10. Certification of delivery of cans. No manufacturer, jobber, or distributor shall sell or deliver cans unless he has received from the purchaser a certificate signed manually. This certificate shall be by letter in substantially the following form and, once filed by a purchaser with a manufacturer, jobber, or distributor, covers all future deliveries of cans from the manufacturer, jobber, or distributor to that purchaser:

To _____, manufacturer, jobber, or distributor: The undersigned purchaser certifies, subject to criminal penalties for misrepresentation, that he is familiar with Order M-25 of the National Production Authority, and that all purchases from you of items regulated by that order, and the acceptance and use of the same by the undersigned, will be in compliance with said order, and any amendments thereto.

SEC. 11. Request for adjustment or exception. Any person affected by any provision of this order may file a request for adjustment or exception upon the ground that his business operation was commenced during or after the base period, that any provision otherwise works an undue or exceptional hardship upon him not suffered generally by others in the same trade or industry, or that its enforcement against him would not be in the interest of the national defense or in the public interest. In examining requests for adjustment or exception claiming that the public interest is prejudiced by the application of any provision of this order, considera-

tion will be given to the requirements of the public health and safety, civilian defense, and dislocation of labor and resulting unemployment that would impair the defense program. Each request shall be in writing, submitted on Form NPAF-38, in triplicate, and shall set forth all pertinent facts, the nature of the relief sought, and the justification therefor. Form NPAF-38 must be executed as therein required.

Sec. 12. Records and reports. (a) Each person participating in any transaction covered by this order shall make and preserve, for at least 3 years thereafter, accurate and complete records of receipts, deliveries, inventories, production, and use, in sufficient detail to permit the determination, after audit, whether each transaction complies with the provisions of this order. This order does not specify any particular accounting method and does not require alteration of the system of records customarily used, provided such records supply an adequate basis for audit. Records may be retained in the form of microfilm or other photographic copies instead of the originals by those persons who, at the time such microfilm or other photographic records are made, maintain such copies of records in the regular and usual course of business.

(b) All records required by this order shall be made available for inspection and audit by duly authorized representatives of NPA, at the usual place of business where maintained.

(c) Persons subject to this order shall make such records and submit such reports to NPA as it shall require, subject to the terms of the Federal Reports Act of 1942 (5 U. S. C. 139-139F).

Sec. 13. Communications. All communications concerning this order shall be addressed to the National Production Authority, Containers and Packaging Division, Washington 25, D. C., Ref: NPA Order M-25.

Sec. 14. Violations. Any person who wilfully violates any provision of this order, or any other order or regulation of NPA, or who wilfully furnishes false information or conceals any material fact in the course of operation under this order, is guilty of a crime and upon conviction may be punished by fine or imprisonment or both. In addition, administrative action may be taken against any such person to suspend his privilege of making or receiving further deliveries of materials or using facilities under priority or allocation control and to deprive him of further priorities assistance.

Note: All reporting and record-keeping requirements of this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Schedule I is hereto attached and made a part of this order.

Except as otherwise provided herein, this order shall take effect January 22, 1952.

NATIONAL PRODUCTION
AUTHORITY,
By JOHN B. OLVERSON,
Recording Secretary.

SCHEDULE I OF NPA ORDER M-25—CAN SPECIFICATIONS

Columns (3) and (4) specify the weight in pounds of coating per base box of tin plate or terneplate which may be used for the parts of cans for the products listed in column (1). Any packer may also use for packing a listed product, black plate cans or cans with a tin-coating lighter than that specified for that product. He may also use, irrespective of the can material specifications in this schedule, cans, or parts of cans, made entirely of tin plate waste-waste, tin plate waste, terneplate waste-waste, terneplate waste, black plate rejects, black plate waste, or entirely of any combination thereof. Wherever 0.25 electrolytic tin plate is specified,

SCMT may be used. Tin plate menders arising in the production of electrolytic tin plate may be used only where hot-dipped tin plate is permitted in this schedule. When only a figure is given in columns (3) and/or (4), this means that tin plate may be used for the part, and the figure given indicates the maximum weight in pounds of tin-coating on each base box of plate. Electrolytic 0.25 tin plate may be used in place of black plate in that part of a can which, after filling, is required to be hermetically closed by soldering, or in that part of a can to which a nozzle is required to be attached by soldering. Nozzles and fittings so attached may also be made of 0.25 electrolytic tin plate, except that 0.50 electrolytic tin plate may be used for drawn soldered fittings.

TITLE 43—PUBLIC LANDS:
INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

Appendix—Public Land Orders

[Public Land Order 790]

ALASKA

WITHDRAWING PUBLIC LANDS FOR USE OF THE DEPARTMENT OF THE AIR FORCE FOR MILITARY PURPOSES

By virtue of the authority vested in the President and pursuant to Executive Order No. 9337 of April 24, 1943, it is ordered as follows:

Subject to valid existing rights, the following-described public lands in Alaska are hereby withdrawn from all forms of appropriation under the public land laws, including the mining and mineral-leasing laws, and reserved for the use of the Department of the Air Force for military purposes:

Beginning at the mouth of the Tappisaghak River, latitude 63°18'18" N., longitude 168°52'14" W., thence by metes and bounds: South, 3.83 miles, West, 6.63 miles, North, 5.45 miles to mean high water on north shore St. Lawrence Island, Easterly, 7.95 miles along mean high water to point of beginning.

The tract described contains 21,013 acres.

This order shall take precedence over but not otherwise affect the Executive Order of January 7, 1903 reserving and setting apart St. Lawrence Island as a reindeer station.

The use of the lands by the Department of the Air Force shall be subject to the following conditions:

(1) That the natives be permitted to travel along the coast by boat around the east end of St. Lawrence Island to the native hunting and fishing area.

(2) That the natives be permitted to travel by dog team over certain trails to hunting and trapping areas, and in case of storms within the withdrawal area, to use their usual shelters in that area.

(3) That the military personnel be prohibited from killing fox, fowl, reindeer, and seal, and from molesting seal rookeries.

(4) That no refuse or garbage be dumped into the streams or near the beach.

(5) That post regulations shall be established requiring the military personnel to conform to existing Federal statutes for the protection of the walrus.

It is intended that the lands described above shall be returned to the administration of the Department of the Interior when they are no longer needed for the purpose for which they are reserved.

DALE E. DOTY,

Acting Secretary of the Interior.

TITLE 46—SHIPPING

Chapter I—Coast Guard, Department of the Treasury

Subchapter A—Procedures Applicable to the Public

[CGFR 51-63]

PART 2—VESSEL INSPECTIONS

SUBPART 2.01—INSPECTING AND CERTIFICATING OF VESSELS

VESSEL INSPECTIONS IN ALASKA

In response to petitions received from various individuals and organizations in the maritime industry in Alaska or actively interest in it, a public hearing was held in Juneau, Alaska, on October 24, 1951, for the purpose of receiving comments on and discussing matters pertaining to the maritime industry which are peculiar to Alaska, and over which the Coast Guard has jurisdiction. A notice of this hearing was published in the FEDERAL REGISTER dated October 12,

1951, 16 F. R. 10465, and the Commander, 17th Coast Guard District, sent out invitations to known interested parties and press releases to local newspapers and radio stations requesting all persons interested in the marine industry to attend this hearing and discuss, among other things, the application and administration of marine inspection requirements to the merchant marine in Alaska.

The record of the public hearing held by the Commander, 17th Coast Guard District, at Juneau, Alaska, on October 24, 1951, indicates that considerable differences of opinion exist with respect to the administrative classification of the waters of southeastern Alaska for vessel inspection purposes and to the holding that the act of May 28, 1908, as amended (Seagoing Barge Act; 35 Stat. 428, 46 U. S. C. 395-398), applies to nonself-propelled vessels navigating the waters of southeastern Alaska.

The purpose of the following new regulation, designated 46 CFR 2.01-80, is to classify certain waters of southeastern Alaska as lakes, bays, and sounds for vessel inspection purposes, which will have a two-fold effect: first, it will require that vessels subject to inspection and operating on voyages exclusively on such waters shall be inspected and certificated under the vessel inspection laws and regulations which are applicable to vessels navigating bays, sounds, and lakes other than the Great Lakes; and, second, it will operate to classify nonself-propelled vessels navigating exclusively on such waters as inland barges and thus exempt such barges from the requirements of inspection under the Seagoing Barge Act of May 28, 1908, as amended (46 U. S. C. 395-398).

The regulation, designated 46 CFR 2.01-80, shall become effective 30 days

after date of publication of this document in the FEDERAL REGISTER and any person who may feel aggrieved by the promulgation of this regulation may appeal therefrom to the Commandant (CMC), United States Coast Guard, Washington 25, D. C. in writing within 30 days from date of publication of this document in the FEDERAL REGISTER. The written appeal shall be presented in triplicate and shall include data and views as to why the regulation shall not be promulgated or suggestions covering any changes therein considered desirable.

By virtue of the authority vested in me as Commandant, United States Coast Guard, by Treasury Department Order No. 120, dated July 31, 1950 (15 F. R. 6521), and in compliance with the authorities cited below, the following regulation is prescribed, which shall become effective 30 days after the date of publication of this document in the FEDERAL REGISTER, and Part 2 is amended by adding a new § 2.01-80 reading as follows:

§ 2.01-80 Vessel inspections in Alaska.

(a) The waters of southeastern Alaska, inside of the general trend of the shore from Cape Spencer, southeasterly to Cape Muzon, and thence easterly to Sitklan Island, shall be considered as bays, sounds, and lakes other than the Great Lakes, for the purpose of administering the vessel inspection laws and applicable regulations in this chapter.

(R. S. 4403 and 4462, as amended; 46 U. S. C. 372, 416)

Dated: January 17, 1952.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

GOSHEN LIVESTOCK SALES COMMISSIONS

POSTING OF STOCKYARD

The Secretary of Agriculture has information that the Goshen Livestock Sales Commissions, Torrington, Wyoming, is a stockyard as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 202), and should be made subject to the provisions of that act.

Therefore, notice is hereby given that the Secretary of Agriculture proposes to issue a rule designating the stockyard named above as a posted stockyard subject to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), as provided in section 302 of that Act. Any interested person who desires to do so may submit, within 15 days of the publication of this notice, any data, views or arguments, in writing, on the proposed rule to the Director, Livestock Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C.

Done at Washington, D. C., this 18th day of January 1952.

[7 CFR Part 801]

PUERTO RICO; 1952 SUGAR QUOTAS

NOTICE OF HEARING ON PROPOSED ALLOTMENT

Pursuant to the authority contained in the Sugar Act of 1948 (61 Stat. 922; 7 U. S. C. 1100), in accordance with the applicable rules of practice and procedure (12 F. R. 8225, 13 F. R. 127, 2063; 7 CFR 801.1 et seq.), and on the basis of information before me, I do hereby find that

the allotment of (1) the 1952 sugar quota for Puerto Rico for consumption in the continental United States, (2) the direct-consumption portion thereof, and (3) the 1952 sugar quota for local consumption in Puerto Rico is necessary to prevent disorderly marketing and importation of such sugar and to afford all interested persons an equitable opportunity to market such sugar in the continental United States and Puerto Rico, respectively, and hereby give notice that a public hearing will be held at Santurce, Puerto Rico, in the Conference Room, Caribbean Area Office, PMA, Segarra Building on February 6, 1952, at 10:00 a. m. The quotas and portions thereof to be allotted are referred to herein as "mainland quota", "direct-consumption portion" and "local quota", respectively.

The purpose of such hearing is to receive evidence to enable the Secretary of Agriculture to make fair, efficient, and equitable allotments of the above-mentioned quotas among persons (1) whose Puerto Rican raw sugar is brought into the continental United States or who transfer such sugar for further process-

ing and shipment to the continental United States as direct-consumption sugar, (2) whose direct-consumption sugar is brought into the continental United States for consumption therein and (3) who market sugar for local consumption in Puerto Rico. The hearing will relate first to the allotment of the 1952 mainland and local quotas. Immediately upon completion of this part of the hearing, evidence will be received in regard to the allotment of the direct-consumption portion of the 1952 mainland quota.

The findings made above are in the nature of preliminary findings based on the best information now available. It will be appropriate to present evidence at the hearings on the basis of which the Secretary of Agriculture may affirm, modify, or revoke such preliminary findings and make or withhold allotment of any such quota or portion thereof in accordance therewith.

Proposal for allotment of mainland and local quotas. The Department representative will recommend at the hearing that the mainland and local sugar quotas for 1952 be allotted by giving equal weight to each of the three factors specified for consideration in section 205 (a) of the act, measuring each factor as follows:

(1) Processing of sugar or liquid sugar from sugarcane to which proportionate shares, determined pursuant to the provisions of subsection (b) of section 302, pertained, to be measured by production of sugar from 1951-52-crop sugarcane.

(2) Past marketings to be measured by annual average mainland and local marketings (including shipments to the Virgin Islands) for the years 1948 through 1951.

(3) Ability to market to be measured by the largest combined local and mainland marketings for each allottee in any year of the period 1948 through 1951.

The method of calculation of allotments would be as follows:

(1) The combined mainland and local allotments for each allottee would be determined by (a) converting each of the three factors measured as indicated above to a percentage of the total of each such factor for all allottees; and (b) multiplying the sum of the mainland and local quotas for Puerto Rico by one-third of the sum of the three percentages so obtained.

(2) The local allotment for each allottee would be calculated by (a) determining the average percentage that local marketings of such allottee (including shipments to the Virgin Islands) were of its total mainland and local marketings in the years 1948 through 1951; (b) multiplying such percentage by the combined allotments for each allottee determined in (1) above; and (c) multiplying the result by a factor obtained by dividing the local quota by the sum of the results obtained for all allottees in (b).

(3) The mainland allotment for each allottee would be calculated by subtracting the local allotment computed under (2) above from the sum of the mainland and local allotments computed in (1) above for the same allottee.

The method of allotment outlined above is the same as that used in 1951 except for the years for which data are included and the measure used for determining "ability to market".

It will be proposed that an initial allotment order be issued in which "production of sugar from 1951-52-crop sugarcane" would be based on estimates of each allottee's production from such crop. To insure that no initial allotment will exceed the final allotment for the year, the initial order will allot 80 percent of the quotas for marketing during the first eight months of the year. When final production data are available, the full quotas would be allotted based upon such data.

It will be proposed that the allotment order provide that if settlement with producers of sugarcane is made in sugar, marketings of sugar of such producer shall be charged to the allotment of the processor; that each processor shall reserve a share of his mainland allotment for the marketings of each such producer equal to the same percentage of the sum of the processor's mainland and local allotments that the producer's 1951-52-crop sugar is of the processor's total production of 1951-52-crop sugar. However, if a producer requests local allotment within 30 days of the effective date of the initial allotment order, the processor would be required to prorate the producer's share between local and mainland allotment. No more local allotment would be required than the share determined by the ratio of the processor's local allotment to the sum of his allotments.

Paragraphs (d), *Transfer and exchange of allotments*, and (e), *Specific charges against allotments*, of § 814.5 (16 F. R. 1668) would be included without change in the order allotting the 1952 quotas.

The proposed allottees for the mainland and local quotas are:

Antonio Roig, Sucesores, S. en C.
Arturo Lluberías (estate of) y Sobrinos (San Francisco).
Asociación Azucarera Cooperativa (Lafayette).
Central Aguirre Sugar Co., a trust.
Central Coloso, Inc.
Central Eureka, Inc.
Central Guamaní, Inc.
Central Igualdad, Inc.
Central Juanita, Inc.
Central Mercedita, Inc.
Central Monserrate, Inc.
Central San José, Inc.
Central San Vicente, Inc.
Compañía Azucarera del Camuy, Inc.
Compañía Azucarera del Toa.
Cooperativa Azucarera Los Canos.
Corporación Azucarera Sauri & Subira (Constancia Ponce).
Eastern Sugar Associates, a trust.
Fajardo Sugar Co. (to include Central Victoria, Inc.).
Land Authority of Puerto Rico.
Mario Mercado e Hijos (Rufina).
Mayaguez Sugar Co., Inc. (Rochelaise).
Plata Sugar Co.
Soller Sugar Co.
South Porto Rico Sugar Co. of Puerto Rico.

Proposal for allotment of direct-consumption portion of maintained quota. The Department representative will propose also to allot the direct-consumption portion of the mainland quota for 1952

on the same basis as that used in allotting the direct-consumption portion of the 1951 mainland quota (16 F. R. 1671) except for adding marketings in 1951 to the series of data used to measure past marketings and ability and reducing to 533 short tons, raw value, the quantity set aside as an unallotted reserve for marketing of raw sugar for direct consumption. Thus 125,500 short tons, raw value, would be allotted by giving equal weight to (1) past marketings as measured by average annual marketings for direct consumption in the continental United States in the years 1948 through 1951 and (2) ability to market as measured by the highest marketings in any of the years 1935 through 1951 for each allottee.

In order to maintain complete consistency in accounting for marketings within individual allotments and within the mainland quota as a whole, it is proposed to restrict direct-consumption marketings as follows:

(c) *Restrictions on marketings.* (1) During the calendar year 1952, each allottee named in paragraph (a) of this section is hereby prohibited from bringing into the continental United States for consumption therein, or marketing for that purpose, any direct-consumption sugar from Puerto Rico in excess of the smaller of (i) the allotment therefor established in paragraph (a) of this section, or (ii) the quantity transferred to such allottee for such purpose under the limitations specified in § 814.7.

(2) During the calendar year 1952, all other persons are hereby prohibited from bringing into the continental United States any direct-consumption sugar except that acquired from an allottee under the limitations of this section and such amount of raw sugar as may be marketed within the unallotted reserve.

The proposed allottees for the direct-consumption portion are:

Arturo Lluberías, Estate of, y Sobrinos.
Central Aguirre Sugar Co., a trust.
Central Roig Refining Co.
Porto Rico American Sugar Refinery, Inc.
Western Sugar Refining Co.

Issued this 21st day of January 1952.

DEPARTMENT OF DEFENSE

Office of the Secretary

THE RENEGOTIATION BOARD

ORGANIZATION AND DELEGATION OF AUTHORITY UNDER RENEGOTIATION ACT OF 1948

1. The memorandum of July 19, 1948 (13 F. R. 4522) is rescinded, and the Military Renegotiation Policy and Review

Board created by paragraph 1 (a), and the Armed Services Renegotiation Board (including the three Divisions thereof) created by paragraph 1 (b), thereof, are abolished as of the effective date of this notice.

2. Pursuant to section 107 (f) of the Renegotiation Act of 1951 (Public Law 9, 82d Cong.), I hereby delegate to the Renegotiation Board created under the authority of the Renegotiation Act of 1951, all of the powers, functions, and duties conferred upon me by the Renegotiation Act of 1948, as amended and extended. This delegation is subject to revocation or modification, in whole or in part, at any time.

3. Without intending to limit the powers, functions, and duties hereby delegated, all regulations heretofore issued pursuant to the authority of the Renegotiation Act of 1948, and not inconsistent with this notice, are hereby continued in full force and effect until superseded or amended by the Renegotiation Board.

4. So much of the personnel, property, records, and such of the unobligated balances of appropriations of the Department of Defense as are mutually determined by the Department of Defense and the Renegotiation Board to be required by the Renegotiation Board and relate to the powers, functions, and duties under the Renegotiation Act of 1948 hereby delegated, shall be transferred to the Renegotiation Board.

5. This notice shall take effect on the 20th day of January 1952, but any action taken pursuant to the authority of the Renegotiation Act of 1948 prior to the effective date of this notice shall not be affected.

ROBERT A. LOVETT,
Secretary of Defense.

RENEGOTIATION BOARD

SECRETARY OF DEFENSE

DELEGATION OF AUTHORITY TO ELIMINATE EXCESSIVE PROFITS UNDER THE RENEGOTIATION ACT OF 1948

Pursuant to section 107 (f) of the Renegotiation Act of 1951 (Public Law 9, 82d Cong.):

1. There is hereby delegated to the Secretary of Defense the power, function, and duty of eliminating excessive profits under subsection (b) of the Renegotiation Act of 1948, as amended and

extended, by any of the methods set forth in subsection (c) (2) of the Renegotiation Act of February 25, 1944, as amended.

2. The Secretary of Defense is hereby authorized to redelegate the authority delegated in paragraph 1 hereof and to authorize successive redelegations thereof.

Dated: January 20, 1952.

JOHN T. KOEHLER,
Chairman, The Renegotiation Board.

ALASKA

NOTICE OF FILING OF PLAT OF SURVEY

JANUARY 18, 1952.

Notice is given that the plat of original survey of the following described lands, accepted February 23, 1951, will be officially filed in the Land Office, Anchorage, Alaska, effective at 10:00 a. m. on the 35th day after the date of this notice:

SEWARD MERIDIAN

T. 14 N., R. 1 W.,

Sections: 6, 7, 8, and 17.

Containing approximately 2,518.97 acres.

The lands are located approximately 13 to 15 miles northeast of the city of Anchorage, Alaska. The topographic features of the area consist entirely of glacial deposits of till, sand, and gravel and vary in shape and extent from narrow ridges and stream cut terraces to high bench lands of the foot hills of the Chugach Range. Bisecting the southern portion of Section 17 is the Eagle River, a deeply entrenched glacial stream which occupies a narrow, steep walled valley 100 to 200 feet below the valley rim. The timber cover of the uplands is predominantly a birch, spruce, aspen association in a reproduction stage, while large cottonwoods are present along the floor of Eagle River Valley. The soils are generally stony and very shallow and are not suited for more than limited small scale farming and gardening.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. S. C. 682a), as amended, home or headquarter site under the act of May 26, 1934 (48 Stat. 809, 48 U. S. C. 461), by qualified veterans of World War II and other qualified persons entitled to preference under the act of Sept. 27, 1944 (58 Stat. 747, 43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) applications under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under the paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day.

All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statement in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent such regulations are applicable. Applications under the homestead and homestead laws shall be governed by the regulations contained in Parts 64, 65 and 166 of Title 43 of the Code of Federal Regulations and applications under the Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

Inquiries concerning these lands shall be addressed to the Manager, Land Office.

GEORGE A. LINGO,
Manager.

NOTICE OF FILING OF PLAT OF SURVEY

JANUARY 18, 1952.

Notice is given that the plat of Original survey of the following described lands, accepted June 11, 1951, will be officially filed in the Land Office, Anchorage, Alaska, effective at 10:00 a. m. on the 35th day after the date of this notice:

SEWARD MERIDIAN

T. 15 N., R. 1 W.,

Sections: 2, 9, 10, 16, 17, 20, 29.

The area described contains approximately 4,439.34 acres.

Those lands above described, in the vicinity of Peters Creek, are affected by and subject to Power Site Reserve No. 674 of January 23, 1918, Power Site classification reserve No. 107 of June 12, 1925, and, together with certain other lands lying west of the Glenn Highway, are subject to the reserve created by Public Land Order No. 95 of March 12, 1943.

The lands are located along the Glenn Highway, approximately 17 to 23 miles northeast of the city of Anchorage, Alaska. The topographic features of the area consist entirely of glacial deposits of till, sand, gravel, and rock outcrops of greenstone. The land forms vary in

shape and extent from narrow ridges and terraced benches to steep, rocky mountain slopes. The timber cover is predominantly a birch, spruce, and aspen association in a reproduction stage. The soils are generally stony and very shallow and are not suited for more than limited small scale farming and gardening.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the Small Tract Act of June 1, 1938 (52 Stat. 609, 43 U. C. 279-284), as amended, subject to the requirements of applicable law, and (2) applications under any applicable public land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under the paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those

having equitable claims, shall accompany their applications by duly corroborated statement in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent such regulations are applicable. Applications under the homestead and homestead laws shall be governed by the regulations contained in Parts 64, 65 and 166 of Title 43 of the Code of Federal Regulations and applications under the Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of that title.

WISCONSIN

NOTICE OF FILING OF PLAT OF SURVEY

JANUARY 17, 1952.

Notice is given that the plat accepted June 20, 1951, of (1) dependent resurvey delineating the retracement and reestablishment of the boundaries of section 5, T. 38 N., R. 9 E., Fourth Principal Meridian, Wisconsin, as shown upon the plat approved June 9, 1864, and (2) extension survey, including lands erroneously omitted from the original survey of the township and not shown upon the plat approved June 9, 1864, will be officially filed in the Bureau of Land Management, Washington 25, D. C., effective at 10:00 a. m. on the 35th day after the date of this notice as to the following described lands:

4TH PRINCIPAL MERIDIAN, WISCONSIN

T. 38 N., R. 9 E.,
Section 5; lots 6, 7, 8, 9.

The area described aggregates 58.34 acres.

Available information indicates that the land is composed of about 57 percent upland and 43 percent swamp; that the upland is gently rolling land extending to an elevation of about 30 feet above the lake shore, having a sandy loam soil.

According to the field notes and as shown by the plat, lot 6 sec. 5, containing 18.46 acres, appears to be swamp and overflowed within the meaning of the Act of September 28, 1850 (9 Stat. 519). Should the land finally be determined to be swamp and overflowed in character it must be held to have inured to the State and any application adverse to the State in conflict with swamp land claims will be governed by § 271.2 of Title 43 of the Code of Federal Regulations.

No applications for the described lands may be allowed under the homestead or small tract laws unless the land has

already been classified as valuable or suitable for such application or shall be so classified upon consideration of an application.

At the hour and date specified above the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this notice shall be subject only to (1) application under the homestead or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this notice shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this notice, any lands remaining unappropriated shall become subject to such application, petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this notice, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Bureau of Land

Management, Washington 25, D. C., shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the Regional Administrator, Region VI, Bureau of Land Management, Washington 25, D. C.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-2773]

NARRAGANSETT ELECTRIC CO.

ORDER AUTHORIZING ISSUANCE AND SALE
OF PROMISSORY NOTES

JANUARY 18, 1952.

The Narragansett Electric Company ("Narragansett"), a public utility subsidiary of New England Electric System, a registered holding company, having filed a declaration, pursuant to sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935 ("act"), with respect to the following transactions:

Narragansett proposes to issue, from time to time but not later than March 31, 1952, unsecured promissory notes to certain banks or trust companies in an aggregate amount not in excess of \$4,200,000. Each of said notes will mature not later than six months after its issue date and will bear interest at the prime rate of interest at time of issuance. It is stated that the prime interest rate at the present time is 3 percent per annum. In the event the prime interest rate should exceed $3\frac{1}{4}$ percent per annum at the time any of said notes are to be issued, the company will file an amendment to its declaration setting forth the rate of interest and other details of the note at least five days prior to the execution and delivery thereof, and asks that such amendment become effective without further order of the Commission at the end of the five day

period unless the Commission shall have notified the company to the contrary within said period.

It is stated that Narragansett presently has outstanding \$7,100,000 principal amount of notes and that the maximum amount of all unsecured notes to be outstanding at any one time during this period will not exceed \$7,900,000. Of the proceeds from the sale of the notes, the company will use \$3,400,000 to pay a like amount of notes maturing after January 2, 1952, and the balance of \$800,000 to pay for construction work and to reimburse the treasury for prior construction expenditures.

It is represented that no State commission or any other Federal commission has jurisdiction over the proposed transactions and that there are no fees, commissions or other remuneration involved, other than expenses, estimated not to exceed \$500, to be paid to New England Power Service Company, an affiliated service company. The declarant requests that the Commission's order herein become effective upon issuance.

Due notice having been given of the filing of the declaration, and a hearing not having been requested or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said declaration be, and it hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

E. I. DU PONT DE NEMOURS AND CO.

NOTICE OF APPLICATION REGARDING
AMENDMENT OF BONUS PLAN

JANUARY 18, 1952.

Notice is hereby given that E. I. du Pont de Nemours and Company ("Applicant") of Wilmington, Delaware, an affiliated person of and presumptively controlled by Christiana Securities Company ("Christiana"), a registered closed-end non-diversified management investment company, which is an affiliated person of and presumptively controlled by Delaware Realty and Investment Company ("Realty"), a registered closed-end non-diversified management investment company, has filed an application pursuant to Rule N-17D-1 of the general rules and regulations under the Investment Company Act of 1940 regarding a certain amendment to

Applicant's bonus plan adopted by the Board of Directors of the Applicant upon condition, however, that the plan as so amended shall not become effective unless and until this Commission shall have issued an order granting this application. The plan as so amended would involve, or may from time to time, involve, participation in, or transactions in connection therewith by affiliated persons of registered investment companies (Christiana and Realty) or of a company (Applicant) controlled by such registered investment companies (Christiana and Realty) in a bonus or profit-sharing plan or arrangement in which such controlled company (Applicant) is a participant, and the participation in or transactions in connection with said plan or arrangement of said controlled company (Applicant) by such affiliated persons are or would be prohibited by Rule N-17D-1 unless an application regarding such plan or arrangement has been filed with the Commission and has been granted by order entered prior to the submission of such plan or arrangement to security holders for approval or prior to the adoption thereof if not so submitted.

It appears from the application that the amendment involves adoption of a provision permitting, in the case of an award to the surviving spouse or estate of a deceased employee, discretion to deliver such award at such times and in such manner as though the employee were living or to so accelerate delivery of the award as may be suitable in the circumstances. The amendment will replace a provision requiring immediate delivery of such awards.

For a more detailed statement of the matters of fact and law asserted, all interested persons are referred to said application which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application may be issued by the Commission at any time on or after February 4, 1952, unless prior thereto a hearing upon the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may not later than February 1, 1952, at 5:30 p. m., in writing submit to the Commission his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

HOUSING AND HOME FINANCE AGENCY

Office of the Administrator

NOTICE OF HOUSING PROGRAMS AND RELAXATION OF CREDIT CONTROLS IN CRITICAL DEFENSE HOUSING AREAS

Appearing below are amendments to previously published defense housing programs and also additional new defense housing programs and supplemental programs to area programs previously published. These amendments are published herein as amendments to Part II (Defense Housing Programs) of the Notice of Housing Programs and Relaxation of Credit Controls in Critical Defense Housing Areas initially published in the FEDERAL REGISTER on October 27, 1951 (16 F. R. 10971).

With respect to the needed housing set out in the additional new defense housing programs and the supplemental programs to area programs previously published, and with respect to all the needed housing set out in the area programs previously published in the FEDERAL REGISTER on October 27, 1951 (16 F. R. 10962), November 28, 1951 (16 F. R. 11980) and December 19, 1951 (16 F. R. 12731), the aids authorized by the Defense Housing and Community Facilities and Services Act of 1951 (Pub. Law 139, 82d Cong., 1st session) including a new and more liberal form of Federal Housing Administration mortgage insurance under Title IX of the National Housing Act, as amended, are available. The approval of an application under Housing and Home Finance Agency Regulation CR 3, or in the areas affected by the Savannah River, Paducah (Ky.), and Idaho Reactor Testing Station installations of the Atomic Energy Commission, the approval of an application under Regulation CR 2 is required as a condition to the approval by the Federal Housing Administration of an application for mortgage insurance under the provisions of Title IX of the National Housing Act, as amended. The requirements and restrictions imposed by or pursuant to CR 3 or CR 2 are in addition to all applicable requirements, conditions and restrictions imposed by or pursuant to said Title IX.

With respect to any application approved under HHFA Regulation CR 3 for an exception from residential real estate credit restrictions as being within the additional defense housing programs appearing below, residential real estate credit restrictions are suspended.

For the purpose of additional defense housing programs appearing below preference will be given to locations (within the geographical boundaries of the critical defense housing areas) in established communities nearest the defense activities, with consideration to be given to the availability of adequate community facilities and services.

[Docket No. G-1856]

SOUTH JERSEY GAS CO.

ORDER GRANTING SPECIAL PERMISSION AND SUSPENDING RATE SCHEDULE

JANUARY 17, 1952.

By application made on December 20, 1951 and December 29, 1951, South Jersey Gas Company (South Jersey) requested special permission under § 154.66 of the Commission's general rules and regulations relative to filing of changes in rate schedules under suspension and those kept in effect by reason of suspension; and also filed its Second Revised Sheet No. 8 to its FPC Gas Tariff. South Jersey proposed by the filing of Second Revised Sheet No. 8 to change a tariff filing made on November 19, 1951, of First Revised Sheet No. 8, which filing of November 19 included First Revised Sheet No. 4. Both First Revised Sheets Nos. 4 and 8 were suspended and hearing ordered thereon by the Commission's order issued on December 19, 1951, in the above docket, and use thereof was deferred until May 20, 1952, and until such time thereafter as made effective in ac-

cordance with the procedure prescribed by the Natural Gas Act.

The tendered filing of Second Revised Sheet No. 8 provides for an increase in the commodity charge in South Jersey's Rate Schedule E-1 from the presently effective charge of 23 cents per Mcf to 35.76 cents per Mcf in place of the proposed charge of 24 cents set forth in the suspended First Revised Sheet No. 8. South Jersey states that no sales are being made under the subject rate schedule and claims that the proposed increase is to reflect an amended rate increase filed by its supplier, Transcontinental Gas Pipe Line Corporation, which amended increase is now under suspension in Docket No. G-1842 and of which it had no knowledge at the time of filing its First Revised Sheet No. 8.

If the requested special permission is granted, Second Revised Sheet No. 8 would take effect on January 20, 1952, unless suspended.

The Commission finds:

(1) Good cause has been shown to grant permission to South Jersey to file the aforesaid Second Revised Sheet No. 8 in place of the First Revised Sheet No. 8 now under suspension.

(2) The proposed increase in the commodity charge set forth in the aforesaid Second Revised Sheet No. 8 has not been shown to be justified and may be unjust, unreasonable, unduly discriminatory and preferential and place an undue burden upon the consumers of natural gas.

(3) It is necessary and desirable in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increase in rates and charges resulting from the filing of the aforesaid Second Revised Sheet No. 8 and that the filing be suspended pending hearing and decision thereon.

The Commission orders:

(A) Permission be and the same hereby is granted South Jersey pursuant to § 154.66 of the Commission's general rules and regulations to file the aforesaid Second Revised Sheet No. 8 to its FPC Gas Tariff in place of the First Revised Sheet No. 8 to said tariff.

(B) Pursuant to section 4 of the Natural Gas Act, a public hearing be held on the date to be hereafter fixed by the Commission in this docket in the Hearing Room of the Federal Power Commission, Hurley Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the lawfulness of the rates and charges, subject to the jurisdiction of the Commission, resulting from the aforesaid rate filing of South Jersey designated Second Revised Sheet No. 8 to its FPC Gas Tariff.

(C) Pending such hearing and decision thereon, as provided in section 4 (e) of the Natural Gas Act, South Jersey's Second Revised Sheet No. 8 to its FPC Gas Tariff be and it hereby is suspended and use thereof is deferred until June 20, 1952, and until such time thereafter as such filing shall be made effective in the manner prescribed by the Natural Gas Act.

(D) Interested State commissions may participate as provided by §§ 1.8

and 1.37 (f) (18 CFR 1.8 and 1.37 (f) of the Commission's rules of practice and procedure.

Date of issuance: January 18, 1952.

By the Commission.

[Docket No. G-1870]

COLORADO INTERSTATE GAS CO.

NOTICE OF APPLICATION

JANUARY 18, 1952.

Take notice that Colorado Interstate Gas Company (Applicant), a Delaware corporation with its principal place of business at Colorado Springs, Colorado, filed on January 7, 1952, an application, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of certain natural-gas transmission facilities as hereinafter set forth.

Applicant proposes to construct and operate: three later lines and the necessary meter and regulating stations in connection therewith to enable it to supply gas to an individual, John R. Allison, and a corporation, Pikes Peak Natural Gas Company, for resale in and around the towns of Castle Rock, Fountain, and Eads, Colorado; two meter and regulating stations at points where its Panhandle-Kit Carson line crosses the 4-inch line of Kansas-Colorado Utilities, Inc., to enable it to supply gas to Kansas-Colorado Utilities, Inc., for resale in and about the towns of Springfield, McClave, Wiley, and Lamar, Colorado; approximately 16 miles of 4-inch lateral line from Applicant's existing 22-inch Panhandle-Denver line in Pueblo County, Colorado to a connection with Applicant's existing facilities near Fowler, Colorado, and approximately 7 miles of 4-inch loop line to loop part of Applicant's existing Ordway lateral, both of said lines to enable Applicant to meet the increased natural-gas requirements of Citizens Utilities Company, which supplies customers in and about the towns of Fowler and Ordway.

The estimated cost of the proposed facilities is \$244,523, to be financed from Applicant's cash resources. Total additional peak day sales are estimated at 3,446 Mcf in the fifth year, and annual additional sales in the fifth year are estimated at 1,401,172.

Applicant asks that its application be considered under the shortened procedure provided by the Commission's rules. Protests and petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10), on or before the 6th day of February 1952. The application is on file with the Commission for public inspection.

[Docket No. G-1875]

TEXAS ILLINOIS NATURAL GAS PIPELINE CO.

NOTICE OF APPLICATION

JANUARY 18, 1952.

Take notice that Texas Illinois Natural Gas Pipeline Company (Texas Illinois), a Delaware corporation having its principal place of business at 20 North Wacker Drive, Chicago 6, Illinois, filed on January 14, 1952, an application for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, authorizing certain sales and deliveries of natural gas in interstate commerce for resale in certain communities in the States of Illinois and Missouri, and authorizing the construction and operation of certain natural-gas facilities for effecting said sales and deliveries, all subject to the jurisdiction of the Commission, as hereinafter described.

Texas Illinois has heretofore been authorized to construct and operate certain natural-gas pipeline system extending from the State of Texas, through the States of Arkansas and Missouri, into Illinois, with termini near Joliet and Volo, Illinois, with an authorized sales capacity of 374,000 Mcf per day. Out of the 2,346 Mcf of Texas Illinois' previously authorized, but unallocated sales or delivery capacity, Texas Illinois now proposes to sell and deliver the quantities of natural gas indicated to the following purchasers for distribution and resale in the communities listed:

Purchaser	Community to be served	Maximum daily volume
Illinois Power Co.....	Monticello, Ill.....	575
City of Nashville, Ill..	City of Nashville, Ill.	500
Associated Natural Gas Co.	Jackson, Mo.....	700

Texas Illinois also proposes to construct and operate a meter and regulator station at each point of delivery to the above-named purchasers. The estimated cost of constructing said meter and regulator stations is \$25,010 each; a total cost for the three points of delivery of \$75,030.

Texas Illinois requests that its application be processed pursuant to the shortened procedure as provided in § 1.32 (b) of the Commission's rules of practice and procedure (18 CFR 1.32 (b)).

The application is on file with the Commission for public inspection. Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 6th day of February 1952.

[Vesting Order 18363, Amdt.]

WALTER GOLLER

In re: Safe deposit lease and contents owned by Walter Goller.

Vesting Order 18383, dated August 30, 1951, is hereby amended as follows and not otherwise:

By deleting subparagraph 2 (b) of the aforesaid Vesting Order 18383 and substituting therefor the following subparagraph:

(b) All property of any nature whatsoever owned by Walter Goller located in the safe deposit box referred to in subparagraph 2 (a) hereof and any and all rights evidenced or represented thereby including particularly but not limited to the following:

1. One (1) man's closed or "Hunting" case Elgin Pocket watch, 14K gold case numbered 63915, works numbered 4090830, and yellow metal chain attached thereto.

2. One (1) lady's round yellow metal wrist watch, case numbered 2597, with black ribbon band.

3. Two (2) pairs of yellow metal cuff buttons set with a white or diamond like stone.

4. One (1) watch chain six inches long of two colored yellow metals with a ball attached thereto.

5. Five (5) pieces of white metal, presumably platinum, about 10 and 12/100ths Troy ounces, four pieces of which are nuggets or button like ingots and one piece a flat bar approximately 1 and ¾ inches long, ½ inch wide and ⅛ inch thick.

All other provisions of said Vesting Order 18383 and all action taken by or on behalf of the Attorney General in reliance thereon, pursuant thereto, and under the authority thereof, are hereby ratified and confirmed.

Executed at Washington, D. C., on January 18, 1952.

For the Attorney General.

[SEAL] HAROLD I. BAYNTON,
Assistant Attorney General,
Director, Office of Alien Property.
